MY DASHBOARD

1. Navigate to the Web Clock
2. Enter your Employee ID and or PIN Number (employee ID #)
3. Choose Log On To Dashboard
4. Choose Continue to confirm your choice.

You may use the DASHBOARD feature to clock in or out, leave or return from break and view your hours. At the top right, you will see the server date and time as well as the button to Log Off. On the bar, you will see your name as well as your status (if you are clocked in, you will see the time you clocked in, and if you are on break, you will see the length of your break).

APPROVING YOUR HOURS - VERY IMPORTANT

You are required to approve your hours and will do so from this screen. In order for your hours to export to the payroll system you must approve your hours. If you do not do this step it will create an error in the system and you may not be paid.

1. Select VIEW, then HOURS from the drop down choices
2. Select the appropriate time frame by using the NEXT and PREV buttons
3. All the hours for the time frame chosen will be seen as in the example to the left
4. To approve your hours for a specific day, click on the BOX in the column. If your hours for the entire time frame are correct and you wish to approve them all, then clock the on column header (E)
5. After you have approved your hours click Log Off

If you notice an error in your hours please contact your building time keeper to have the error corrected BEFORE YOU APPROVE YOUR HOURS.
Employee Messaging

The View Messages option allows you to view any messages sent through TimeClock Plus.

After selecting View Messages, you will be able to see a list of messages that have been sent.

Click on the note icon in the View Column to read the entire message, and check the Read to remove the message from your list.

I FORGOT TO CLOCK IN OR OUT - MISSED PUNCH

If you forgot to clock in/out for a shift and you attempt to clock in/out, you will be taken to the Missed Punches screen. You will be asked to confirm that you missed a punch and asked to manually enter the proper time for the missed punch.

Follow the prompts until you receive the Clock Operation Successful notification.
