

# Middle School Summer Reading Assignment (2022-2023)

## *"Character Development"*

*How does the protagonist or main character develop or change throughout your novel?"*

### **I. Why do we require summer reading?**

The Douglas Middle School ELA teachers believe that the more a person reads, the better they will become at reading comprehension, inferencing, fluency, accuracy, and overall problem-solving skills. Summer reading encourages students to **maintain skills** learned during the previous year. Through their reading, students will be **observing how authors create characters that develop and change throughout a novel and learn lessons** that connect to the novel's overall theme. **Analyzing a character's development** throughout a story will enable students to remember key points of their reading and will **assist them in the writing activity that will take place at the beginning of the school year**. We believe, especially this year, that all students **MUST** be able to **read and write effectively** to prepare for the upcoming school year and to become lifelong learners.

### **II. REQUIRED Summer Reading Assignment for 6th & 7th Grade Middle School Students:**

Choose any **appropriate** novel (either from the **Suggested Book List OR One of Your Choice**) that is **within your reading level** and describes a **strong protagonist (main character)**. As you read, pay attention to how the events that **propel the protagonist to develop and change** throughout the novel. It is important to note **lessons learned and the overall development** of that character.

Attached are two-character development **graphic organizers**. **You may choose whichever organizer appeals to you**. It must be completed in as much detail as possible and will be taken as a grade in your ELA classes. This is mandatory. It's important to take your time, be **detailed and thoughtful in your written responses, and write neatly**. Feel free to **TYPE the character development information** and attach it to the graphic organizer on return to school in the fall. This organizer will also be **used as a reference for an in-class assignment** within the first month of school.

**\*\*\* MIDDLE SCHOOL READING CHALLENGE-- We would like to see students read more than one book over the summer. A Google Classroom is set up for students to recommend and post reviews of books that are read. Extra credit will be given for original reviews and recommendations.** Please join the Google Classroom to connect with other enthusiastic readers. Are you up for the "Reading Challenge?" **Ready, Set, READ!**
