COMMITTEE REPORTS – CHAIRPERSON

- > Buildings & Grounds Ms. Ippolito that the summer project are progressing.
- ➤ Communications & Policies Dr. Spector reported that in addition to maintaining e-newsletters, Genesis, and community forums, the district will also be using the following new communication tools:
 - After a very successful pilot program at Holdrum, this year all teachers in the district will now be using *Canvas* for their teacher pages, which are replacing the teacher pages formerly located on our websites, and we think parents will find to be more dynamic, interactive, and user-friendly. Each school now has its own *Facebook* page, where you can access information and news about your school(s) through a platform many are regularly connected with. This will be in addition to the district's page, which will continue to post general information, news, and events about the school district. In addition the district's *Twitter* feed each school will now have its own *Twitter* feed run by the building principal. Finally, the district is excited to announce the launch a new website and new app, which we think you'll find more user-friendly and easier to navigate! The district's website can be found at www.rivervaleschools.com.
- ➤ Curriculum & Technology Mrs. Pintarelli reported that the district will build off of the work done during this year's Summer Ed. Tech Camp on taking projects that already exist and aligning them to the Portrait of a Graduate, finalizing K-2, 3-5, and 6-8 rubrics on communication and collaboration, two key district goals this year, and finalizing Canvas pages before the start of school. She also reported that each school has received a banner with the Portrait of a Graduate,

each teacher will receive a poster for their classrooms, and the PTA has been generous enough to look into buying car magnets of the Portrait of a Graduate that can be given out with each PTA membership.
