

Hello RPPS Families,

A positive return to InPerson learning today. Students worked together to keep us safe by:

Bringing masks that fit

Keeping their masks on

Staying silent and focused on eating when masks were off

Walking on the right in single file in the hall

Getting dressed / undressed at their desk and only going to the hall to hang up winter clothing or take boots on / off

Here is [a link to a presentation](#) we have used to review our routines with students. Take a look together as a family.

Thank you parents for waiting at the yard access points for your children. Make sure to have a plan with your child where to meet them at the end of the day.

Thank you for your support.

Madame Mace

P.S. Send indoor shoes please!
