

Parents and guardians of SMPS students are always welcome and encouraged to attend our meetings held on the fourth Wednesday of the month in the school library at 6:30pm. Discussions are always open to the floor and the council and administrators welcome all input.

Our council is made up of community-oriented, involved, caring parents, just like you. The Principal, a teacher rep, and a staff rep are also council members, and they and the Vice Principal(s) attend all meetings — a great way to get to know school leadership and fellow parents.

If you might be interested in joining the council in an official capacity, please watch for details on the nomination and election process in early September in the school e-newsletter. The first meeting of the year and elections for 2019-20 will take place Wednesday, September 25, 2019.

The Council runs occasional fundraisers as well as the popular pizza program to fund learning enrichment opportunities for the students as well as identified needs for the school. We also host several events throughout the year for SMPS families to come together as a school community with many volunteering opportunities!

Our annual activities and funded initiatives include:

- Pizza Program
- Used Book Sale
- Halloween Dance
- Field Trip Buses / Learning Enrichment
- School Gardens
- Student Art Show
- Family Carnival
