Dear Parents,

As you are aware, there are potential dangers associated with the posting of personally identifiable information on a web site since global access to the Internet does not allow us to control who may access such information. These dangers have always existed; however, we as schools do want to celebrate your child and his/her work. The law requires that we ask for your permission to use information about your child.

Throughout the school year there are times when your child's photograph/image may be taken or his/her name is used in print. Some of these times may include, but are not limited to, the following:

- Articles in a school or district newsletter.
- Photographs taken to accompany a newspaper article.
- Photographs taken for use in a slide presentation and/or an electronic slide show about our District that is shown to new staff members, various service organizations, and groups from other schools.
- Videos taken of participation in a special event or program.
- Videoconferencing activities with other educational institutions.
- Photographs taken to be used in pamphlets and/or brochures about our District.
- Student's photograph/image and personal identifiers on the district's public website.

The Board of Education policy requires that we have your permission to take pictures/images of your child. If you grant permission for these purposes, please **sign and return this form to school**. This permission will be in effect during the time your child attends any Egg Harbor Township School. If you wish to grant your permission at a further date, you may do so at any time by writing a note to your child's building principal.

If you have any questions, please call the office of Information Technology Services at 609- 646-3268.

Sincerely,

Dr. Kimberly Gruccio, Superintendent
