## 2022-2023 School Year

Hello: You are in receipt of this communication as you have one or more school-aged children attending the Egg Harbor Township School District. Recently, the State of New Jersey provided the district with FREE COVID-19 Antigen home test kits from Flowflex. We are able to provide one free test kit to each child within the Egg Harbor Township School District. However, out of an abundance of safety, and understanding not everyone may want a test kit, these kits are only available for pick-up. Please see the information below should you be interested in picking up a FREE COVID-19 Antigen home test for your child.

### Pick-Up Instructions:

- Between December 5, 2022 through December 23, 2022 you can pick up your child's COVID-19 Antigen home test at the school they attend.
  - You will need to report to the main office to pick up the COVID-19 home test
  - Only a parent/guardian of the student will be allowed to pick up their child's COVID-19 Antigen home test and will be required to provide photo identification upon entry to the school.
  - *Multiple Children within the District:* Parents/Guardians will be able to receive one COVID-19 Antigen home test kit for each school-aged child from their household at the school location of their choice to avoid multiple stops to each school if they desire.

Please note that while home test kits may prove advantageous the district still recommends the use of a PCR COVID-19 test from a licensed provider. Should the use of the Flowflex COVID-19 Antigen home test result in a positive test result, you should contact a licensed medical provider.

The following picture and information is related to the Flowflex COVID-19 Antigen home test. NOTE: The Lot number on the test kit is COV2010031 and states it expires on 01-12-2023; however recent guidance from the FDA now states the test kit will not expire until **October 2023** ([LINK](#))
