ALCOHOL, DRUGS, TOBACCO AND ILLICIT DRUGS (7.17 - 1.0)

- It shall be the policy of the Ponca City Board of Education that any teacher, or any other school employee, who has reasonable cause to suspect that a student in school, on school premises, or in attendance at a school-sponsored function, either as a participant or spectator, at home or away, may have used or consumed or has in his or her possession:
 - (1) 3.2 beer
 - (2) alcoholic beverages
 - (3) controlled dangerous substance
 - (4) illicit drugs (The term illicit drugs shall include, but not be limited to the misuse of prescription drugs or the misuse or inhaling of aerosols, inhalants, glue, or other similar misuses of chemicals.)

- Every employee employed by the Ponca City Board of Education, who has reasonable cause to suspect that a student in school, on school premises, or in attendance at a school-sponsored function is under the influence or has in the student's possession alcoholic beverages, beer of any type or a controlled dangerous substance, and who reports such information to the appropriate school official, shall be immune from all civil liability.
- Students will be informed in writing THAT DISCIPLINARY SANCTIONS (CONSISTENT WITH LOCAL, STATE, AND FEDERAL LAW), UP TO AND INCLUDING OUT OF SCHOOL SUSPENSION AND REFERRAL FOR PROSECUTION, WILL BE IMPOSED ON STUDENTS WHO POSSESS, USE, DISTRIBUTE, SELL, CONSPIRE TO SELL OR POSSESS OR ARE IN THE CHAIN OF SALE OR DISTRIBUTION OR ARE UNDER THE INFLUENCE OF 3.2 BEER, ALCOHOLIC BEVERAGES, CONTROLLED DANGEROUS SUBSTANCES, OR ILLICIT DRUGS. A disciplinary sanction may include the satisfactory completion of an appropriate rehabilitation program.
- Parents and students shall be given a copy of the Board policy **7.17 Reporting of Students Using, Possessing, or Distributing 3.2 Beer, Alcoholic Beverages, Controlled Dangerous Substances, or Illicit Drugs** (Section VII) as this policy contains the standards of conduct and the disciplinary sanctions that can result by not complying with these requirements of student conduct.
- In addition, information about drug and alcohol counseling and rehabilitation as well as re-entry programs will be made available to students and parents.
- It shall be the policy of the Ponca City Board of Education that any substance believed to be a harmful illegal drug or illicit drug, whenever found, will be turned over to the Ponca City Police Department.

- Any student found guilty of a second offense may be suspended out of school for the remainder of the semester and the following semester. Students assigned to In-School Detention will be ineligible to participate in any school activity during the day or evening hours.

Policy 7.17 -- 5.0 TESTING STUDENTS WITH REGARD TO THE USE OF ALCOHOL AND ILLEGAL CHEMICAL SUBSTANCES

- The board of education, with the intent that all students have notice and knowledge of the ramifications concerning alcohol and illegal chemical substance use, possession, purchase, sale or distribution when the student is on school property, at a school sponsored event, or in school vehicles, hereby adopts the following policy.
- Statement of Purpose and Intent
 1. The safety of students and employees of the district is of paramount concern to the board.
 2. Students who are under the influence of alcohol or an illegal chemical substance when the student is on school property, at a school sponsored event, or in school vehicles, pose serious safety risks to students, employees and the public.
 3. The use of alcohol and illegal chemical substances by students has a direct and adverse effect on the safety, personal health, attendance, productivity and quality of education of all students.
 4. The board recognizes that all students have certain personal rights guaranteed by the Constitutions of the United States of America and the State of Oklahoma. This policy will not infringe on those rights.
 5. Due to the devastating impact that the use by students of alcohol and illegal chemical substances can have on the safety of students and employees and their adverse affect on a student's ability to perform as a student, the board will not tolerate students who use, possess, distribute, purchase, sell or are

under the influence (as defined in the policy) of alcohol or illegal chemical substances while on school property, at a school sponsored event, or in school vehicles.

6. This policy will apply to all students of the district.
7. Violations of this policy will subject the student to disciplinary action, including out-of-school suspension from school.

- Definitions

1. "Illegal chemical substance" means any substance which an individual may not sell, possess, use, distribute or purchase under either Federal or Oklahoma law. "Illegal chemical substance" includes, but is not limited to, all scheduled drugs as defined by the Oklahoma Uniform Controlled Dangerous Substances Act, all prescription drugs obtained without authorization and all prescribed drugs and over the counter drugs being used for an abusive purpose. By way of example only, the drugs which may be tested for are: amphetamines, cannabinoids, cocaine, phencyclidine (PCP), hallucinogens, methaqualone, opiates, barbiturates, benzodiazepines, synthetic narcotics, designer drugs, or any metabolite of any of these substances.
2. "Alcohol" means ethyl alcohol or ethanol and includes "low point" beer.
3. "Under the influence" means any student of the district who has any alcohol or illegal chemical substance or the metabolites thereof present in the student's body in any amount which is considered to be "positive" for such alcohol or drug or drug metabolites using any scientifically substantiated alcohol or drug use screen test and alcohol or drug use confirm test.
4. "Positive" when referring to an alcohol or drug use test administered under this policy means a toxicological test result which is considered to demonstrate the presence of alcohol or an illegal chemical substance or the metabolites thereof using the cutoff standards or levels determined by the State Board of Health for drug or alcohol testing of students or in the absence of such State Board cutoff levels, the cutoff levels customarily established by the testing laboratory administering the alcohol or drug use test.
5. "School property" means any property owned, leased or rented by the district, including but not limited to school buildings, parking lots and motor vehicles.
6. "Drug or alcohol use test" means a chemical test administered for the purpose of determining the presence or absence of alcohol or illegal chemical substances or their metabolites in a student's blood, bodily tissue, fluids, products, urine, breath or hair.
7. "Reasonable suspicion" means a belief that a student is using or has used alcohol or drugs in violation of this policy drawn from specific objective and articulable facts and reasonable inferences drawn from those facts in the light of experience, and may be based upon, among other things:
 - a. Observable phenomena, such as:
 - i. the physical symptoms or manifestations of being under the influence of alcohol or a drug while on school property, at a school sponsored event, or in school vehicles, or
 - ii. the direct observation of alcohol or drug use while on school property, at a school sponsored event, or in school vehicles.
 - b. A report of drug or alcohol use while on school property, at a school sponsored event, or in school vehicles, provided by reliable and credible sources;
 - c. Evidence that a student has tampered with an alcohol or drug test; or
 - d. Evidence that a student is involved in the use, possession, sale, solicitation or transfer of alcohol or drugs while on school property, at a school sponsored event, or in school vehicles.

- Procedures for Alcohol or Illegal Chemical Substance Testing

1. Any alcohol or drug use test administered under the terms of this policy will be administered by or at the direction of a professional laboratory licensed by the Oklahoma State Department of Health and using scientifically validated toxicological methods that comply with rules promulgated by the State Department of Health. The professional laboratory shall be required to have detailed written specifications to assure chain of custody of the samples, proper labeling, proper laboratory control and scientific testing, with all samples to be taken under the supervision of appropriate laboratory employees at a school site or site designated by the laboratory. All aspects of the alcohol and drug use testing program, including the taking of samples, will be conducted so as to safeguard the personal and privacy rights of students to the maximum degree possible and shall be conducted under reasonable sanitary conditions. The test sample shall be obtained in a manner which minimizes its intrusiveness.
 - a. In the case of urine samples, the samples must be collected in a restroom or other private facility behind a closed stall; a sample shall be collected in sufficient quantity for splitting into two (2)

separate samples, pursuant to rules of the State Board of Health, to provide for any subsequent independent confirming analysis of the first sample; the test monitor shall not observe any student while the sample is being produced but the test monitor may be present outside the stall to listen for the normal sounds of urination in order to guard against tampered samples and to insure an accurate chain of custody; and the test monitor may verify the normal warmth and appearance of the sample. If at any time during the testing procedure the test monitor has reason to believe or suspect that a student is tampering with the sample, the test monitor may stop the procedure and inform the test coordinator. The test monitor shall be of the same gender as the student giving the sample.

- b. If a student is determined to have tampered with any specimen or otherwise engaged in any conduct which disrupts the testing process of any student, then the student will be deemed to have violated this policy and will be subject to disciplinary action, including out-of-school suspension from school.
 - c. The test monitor shall give each student a form on which the student may, but shall not be required to, list any medications he has taken or any other legitimate reasons for having been in recent contact with alcohol or illegal chemical substances.
2. If the initial drug use test is positive for the presence of an illegal chemical substance or the metabolites thereof, the initial test result will be subject to confirmation by a second and different test of the same sample. The second test will use an equivalent scientifically accepted method of equal or greater accuracy as approved by rules of the State Board of Health, at the cutoff levels determined by board rules. A student will not be subject to disciplinary procedures unless the second test is positive for the presence of illegal chemical substances or the metabolites thereof.
 3. If an initial alcohol use test is positive for the presence of alcohol, the initial test result will be subject to confirmation by a second test using any scientifically accepted method approved by rules of the State Board of Health, at the cutoff levels determined by board rules.
 4. Upon written request, the student will be furnished with a free copy of all test results performed under this policy. All test records and results will be confidential and kept in files separate from the student's cumulative records. All tests required of a student by the district under this policy shall be at district expense.
 5. Any student who is subject to disciplinary action as a result of being under the influence of alcohol or an illegal chemical substance while on school property, at a school sponsored event, in school vehicles or going to or from a school sponsored event will be given a reasonable opportunity, in confidence, to explain or rebut the alcohol or drug use test results. If the student asserts that the positive test results are caused by something other than consumption of alcohol or an illegal chemical substance by the student, then the student will be given an opportunity to present evidence that the positive test result was produced by something other than consumption of alcohol or an illegal chemical substance. The district will rely on the opinion of the district's laboratory which performed the tests in determining whether the positive test result was produced by other than consumption of alcohol or an illegal chemical substance.
 6. The laboratory reports and results of alcohol and drug use testing will be maintained on a confidential basis except as otherwise required by law. The laboratory performing alcohol or drug use tests for the district will not report on or disclose to the district any physical or mental condition affecting a student which may be discovered in the examination of a sample other than the presence of alcohol or illegal chemical substances or the metabolites thereof. The use of samples to test for any other substances will not be permitted.

- Student Alcohol and Drug Use Tests - When Required

1. Any student whose behavior while on school property, at a school sponsored event, or in school vehicles, creates a reasonable individualized suspicion that the student is under the influence of alcohol or an illegal chemical substance may be required to take an alcohol and/or drug use test. Nothing in this policy shall require alcohol and/or drug use testing of any student nor prohibit the district from disciplining any student in the absence of an alcohol or drug use test of the student.
2. Any student who refuses to take an alcohol or drug use test when so required under the provisions of this policy will be deemed to have violated this policy and will be subject to disciplinary action including out-of-school suspension from school to the same extent as if the student tested positive for the presence of alcohol or illegal chemical substances.

- Medical Marijuana
 1. Pursuant to OKLA. STAT. tit. 63, § 420 *et. seq.*, unless failure to do so would cause the school district to imminently lose a monetary or licensing related benefit under Federal law or regulations, the school district will not discriminate against a student in enrollment or otherwise penalize a student solely on the basis of the student's status as a medical marijuana holder.
 2. The school district will not subject a student holding a valid medical marijuana license to disciplinary action based solely on a positive drug test for marijuana or the metabolites thereof. Students who use, possess, sale, distribute, purchase or are under the influence of medical marijuana or medical marijuana product may be subject to discipline pursuant to this policy regardless of license holder status.
 3. As used in this section, a determination of whether a student is "under the influence of medical marijuana or medical marijuana product" shall be based on the totality of circumstances. Circumstances that may contribute to a determination that the student is under the influence may include, but are not limited to:
 - a. Observation of any of the conduct or phenomenon described below:
 1. the smell of marijuana on around the individual;
 2. Disorganized thinking;
 3. Paranoia and/or confusion;
 4. Bloodshot eyes;
 5. Increased heart rate;
 6. Increased appetite; or
 7. Loss of Coordination and
 - B. Any circumstance that would permit the school district to engage in "reasonable suspicion" drug or alcohol testing of the student under this policy.
- Student Use, Sale, Possession, Distribution, Purchase or Being Under the Influence of Alcohol or Illegal Chemical Substance Any student who possesses, uses, distributes, purchases, sells or is confirmed by alcohol or drug use tests to be under the influence (as defined by this policy) of alcohol or an illegal chemical substance while on school property, at a school sponsored event, or in school vehicles, or as a result of alcohol or drug use tests conducted under this policy will be subject to disciplinary action, including out-of-school suspension from school.
- Persons Authorized to Order Alcohol or Drug Testing o The following persons have the authority to require alcohol or drug use testing of students under this policy:
 1. The superintendent;
 2. Any employee designated for such purposes by the superintendent or the board.
- Out-of-School Suspension Due Process Procedures Any student who is subject to an out-of-school suspension for the violation of this policy shall be afforded appropriate due process procedures allowed by the district's policy on student behavior.
- Circulation of Policy o This policy shall be given broad circulation to all students of the district which shall include prominent posting at various places in the district.

Policy 3.26 MEDICAL MARIJUANA, HEMP & CANNABIDIOL (CBD)

- "Regardless of a student, employee, parent or any individual's status as a medical marijuana license holder, marijuana is not allowed on the premises of the district or in any school vehicle or in any personal vehicle transporting a student under any circumstances. While the use of medical marijuana in conjunction with the possession of a medical marijuana license is legal in the State of Oklahoma, marijuana is a prohibited controlled substance under federal law regardless of the use being for medical purposes. Accordingly, possession of marijuana by a student, employee, parent or any individual, notwithstanding the possession of a medical marijuana license, is strictly prohibited while on the premises of the district and in school vehicles; going to and from and attending district sponsored functions, events, and athletic activities, including those district sponsored functions, events and/or athletic activities which occur in a location other than the premises of the district; utilizing district equipment or transportation; and in any other instance in connection with the district where the district reasonably deems the possession of marijuana to be illegal.
- In the event that a student, employee, parent or any individual is found to possess or to have possessed marijuana in any of the instances stated above, the district will proceed with all actions and consequences that are afforded

to the district under any state or federal law, employment contract, district policy, student handbook provision, or any other authority applicable to or adopted by the district.

- This policy may be viewed in its entirety on the district website, www.pcps.us, under the Board of Education/Policy Book.

Arrival & Dismissal

- **Doors open at 7:25 am. Supervision is not available prior to 7:25 am, so students should not be on school grounds prior to that time.** Breakfast begins at 7:25 am. School is dismissed at 3:00 pm. To insure the safety of students at the end of the day, students should be out of the building and off of school grounds by 3:15 pm unless the student is participating in a supervised after-school activity or is enrolled in the after school childcare program. Students should arrange to meet brothers and sisters outside. Students not picked up by 3:15 pm will be escorted to the school office to wait for their parent or guardian. Supervision is not available after school. For the safety of your student, please be certain you are loading and unloading students in designated areas only. Dropping students off in or near crosswalks or bus zones is not permitted. Students may ride their bikes to and from school with parent permission.
- When arriving on the school grounds, bikes are to be walked to the bike rack. When leaving school, walk bikes off the school grounds. Skateboards, scooters, roller-skates, hee-lies, or roller blades are to remain at home. Please lock up bicycles with a chain and lock for security reasons.
- Please do not pick children up early unless it is an emergency. All students must be checked in or out through the school office during school hours. This includes lunchtime. Please do not take children from the playground. Students will only be allowed to leave the building with the person whose name is indicated on the enrollment form unless their parent or guardian notifies the office in advance. Each student who leaves during school hours must be signed out on the daily log kept in the office.

ASBESTOS NOTICE

- As a requirement of the Asbestos Hazardous Emergency Response Act of 1986, school officials are to annually inform parents, students, and employees of the possibility of asbestos containing materials (ACM) in some of our schools. Some buildings have asbestos containing materials located in walls and crawl spaces, and/or encapsulated, out of reach contact.
- The district has completed an extensive asbestos removal process that has removed asbestos out of areas used by students and employees. Our capital improvement plan has given us the opportunity to remove even more asbestos in our buildings in the last few years.
- The district has a state approved operation and maintenance plan. The plan is designed to maintain the ACM where employees may be working, or to handle an emergency such as a broken water line. Twice a year, employees of Precision Testing Laboratories inspect all of the district's ACM areas. Inspectors assist the district in maintaining the integrity of the encapsulation of those pipes and suspected ACM.
- The district has an asbestos awareness program for all custodial and maintenance personnel given annually as a part of the district's hazard communications policy. If additional information is needed, contact Bret Smith, Risk Manager and Asbestos Coordinator, at the Ponca City Public School Central Office, 613 E. Grand Ave. or call 580-767-8000.

Attendance Policy 7.4-1.0

It shall be unlawful for a parent, guardian, custodian or other person having control of a child who is over the age of five (5) and under the age of eighteen (18) years, and who has not completed four (4) years of high school work, to neglect or refuse to cause or compel such child to attend and comply with the attendance rules of Ponca City Public Schools. It

shall be unlawful for any child who is over the age of sixteen (16) years and under the age of eighteen (18) years, and who has not finished four (4) years of high school work, to neglect or refuse to attend and comply with the attendance rules of Ponca City Public Schools or receive an education for the full term that school is in session except under the following conditions:

1. If a child is prevented from attending school by reason of mental or physical disability as determined by a qualified physician.
2. If any such child who has attained his or her sixteenth birthday is excused from attending school by written, joint agreement between the school district administrator and the parent, guardian or custodian of the child.

All absences excused or unexcused count toward chronic absenteeism with the exception of approved school-related activities.

It shall be the duty of the attendance office or principal to enforce all provisions of the Compulsory Attendance Law. Any parent, guardian, custodian, child or other person violating any of the provisions of the Compulsory Attendance Law shall be guilty of a misdemeanor and be fined according to the City of Ponca City Ordinance 7-2D-3.

In order to approach each child's individual situation in the most appropriate manner, the following procedures are to be followed when a student's attendance record indicates a pattern of absences that may be detrimental to his/her educational progress. The principal may determine extenuating circumstances. However, for reasons limited exclusively to medical or other extenuating circumstances, parents may appeal to a committee chaired by the appropriate principal or grade level assistant principal.

1. On the occasion of the 4th absence, the building principal or designee will notify the parent/guardian in writing.
2. On the occasion of the 6th absence, the building principal or designee will notify the parent/guardian with another letter along with a copy of the City of Ponca City's Truancy Ordinance.
3. On the occasion of the 8th absence, the building principal or designee will schedule a conference with the parent/guardian and student to compile/complete an attendance contract and may report absences to DHS, the SRO, and/or DA office.
4. On occasion of the 12th absence, the building principal or designee will arrange a parent/guardian meeting with the SRO, parent, and student to review the contract along with the city ordinance. At this time, the SRO may issue a warning to parents/guardians for failure to comply with the city ordinance. Failure of the parent/guardian to attend this meeting may result in a report to DHS and/or the DA office.
5. On occasion of the 16th absence, the building principal or designee will notify the parent/guardian in writing about his/her child's chronic absenteeism status and will warn the parent/guardian again of the City of Ponca City Ordinance and possibility of a receiving a citation.

On occasion of the 17th absence, the parent/guardian may be issued a citation. Each additional day of non-compliance with the attendance policy may result in additional penalties.

Birthdays

- Student birthdays will be recognized at the morning Rise and Shine Assembly. Please make arrangements with your student's classroom teacher before bringing birthday treats to school. Birthday party invitations are not to be handed out at school. Please do not send someone to the school to surprise and entertain your child or their class. (i.e. Clown with balloons)

Breakfast & Lunch

- Breakfast is served in the Cafeteria each morning beginning at 7:30. Lunch will begin at approximately 10:45. Students may bring their lunch or buy hot lunch by the month. If a student leaves campus during the lunch hour, he or she must be signed out in the office by a parent or guardian and signed back in upon their return to school. The cost for breakfast and lunch for the month may be obtained by calling the office at 767-8030 between 7:45 and 3:30.

Policy 7.16 – 1.2 POLICY PROHIBITING STUDENT BULLYING (Revised 10/11/2021)

Statement of Legislative Mandate and Purpose

This policy is a result of the legislative mandate and public policy embodied in the *School Safety and Bullying Prevention Act*, 70 OKLA. STAT. § 24-100.2 et seq. (“Act”). The district intends to comply with the mandates of the Act and expects students to refrain from bullying. Bullying is expressly forbidden and students who bully are subject to disciplinary consequences as outlined in the district’s policy on student behavior. Bullies may also be provided with assistance to end their unacceptable behavior, and targets of bullies may be provided with assistance to overcome the negative effects of bullying.

Definition of Terms

A. Statutory definition of terms:

“Bully” means any pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school’s educational mission or the education of any student.

“Threatening behavior” means any pattern of behavior or isolated action, whether or not it is directed at another person, that a reasonable person would believe indicates potential for future harm to students, school personnel, or school property.

“Electronic communication” means the communication of any written, verbal, pictorial information or video content by means of an electronic device, including, but not limited to, a telephone, a mobile or cellular telephone or other wireless telecommunication device, or a computer.

Note: Bullying by electronic communication is prohibited whether or not such communication originated at school, or with school equipment, if the communication is specifically directed at students or school personnel and concerns bullying at school.

“At school” means on school grounds, in school vehicles, at school-sponsored activities, or at school-sanctioned events.

B. The “Reasonable Person” Standard

In determining what a “reasonable person” should recognize as bullying, staff will consider the point of view of the intended target, including any characteristics unique to the intended target. Staff may also consider the discipline history and physical characteristics of the alleged bully.

C. Types of Bullying

“Physical Bullying” includes harm or threatened harm to another’s body or property, including but not limited to threats, tripping, hitting, pushing, pinching, pulling hair, kicking, biting, starting fights, daring others to fight, stealing or destroying property, extortion, assaults with a weapon, other violent acts, and homicide.

“Emotional Bullying” includes the intentional infliction of harm to another’s self-esteem, including but not limited to insulting or profane remarks or gestures, or harassing and frightening statements.

“Social Bullying” includes harm to another’s group acceptance, including but not limited to gossiping; spreading negative rumors to cause a targeted person to be socially excluded, ridiculed, or otherwise lose status; acts designed to publicly embarrass a targeted person, damage the target’s current relationships, or deprive the target of self-confidence or the respect of peers.

“Sexual Bullying” includes harm of a sexual nature, including but not limited to making unwelcome sexual comments or gestures to or about the targeted person; creating or distributing vulgar, profane or lewd words or images about the target; committing a sexual act at school, including touching private parts of the target’s body; engaging in off-campus dating violence that adversely affects the target’s education opportunities; making threatening sexual statements directed at or about the target; or gossiping about the target’s sexuality or sex life. Such conduct may also constitute sexual harassment which is prohibited by the district.

Understanding and Preventing Bullying

A. Student and Staff Education and Training

A full copy of this policy will be posted on the district’s website and included in all district handbooks. Parents, guardians, community members, and volunteers will be notified of the availability of this policy through the district’s annual written notice of the availability of the district’s anti-bullying policy. Written notice of the policy will also be posted at various places in all district school sites.

Students and staff will be periodically reminded throughout the year of the availability of this policy, the district’s commitment to preventing bullying, and help available for those affected by bullying. Anti-bullying programs will be incorporated into the district’s other violence prevention efforts.

All staff will receive annual training regarding preventing, identifying, reporting, and managing bullying. The district’s bullying coordinator and individuals designated as school site investigators will receive additional training regarding appropriate consequences and remedial action for bullies, helping targets of bullies, and the district’s strategy for counseling and referral for those affected by bullying.

Students will receive annual education regarding behavioral expectations, understanding bullying and its negative effects, disciplinary consequences for infractions, reporting methods, and consequences for those who knowingly make false reports. Parents and guardians may participate in a parent education component.

B. Safe School Committees

Each Safe School Committee has the responsibility of studying and making recommendations regarding unsafe conditions, strategies for students to avoid harm at school, student victimization, crime prevention, school violence, and other issues which interfere with and adversely affect school safety.

With respect to student bullying, each Committee shall assist the board in promoting a positive school climate. The Committee will study the district’s policy and currently accepted bullying prevention programs (available on the state department website) to make recommendations regarding bullying. These recommendations must be submitted to the principal and cover: (i) needed staff development, including how to recognize and avoid bullying; (ii) increasing student and community involvement in addressing bullying, (iii) improving individual student-staff communication, (iv) implementing problem solving teams which include counselors and/or school psychologists, and (v) utilizing behavioral health resources.

Student Reporting

Students are encouraged to inform school personnel if they are the target of or a witness to bullying. To make a report, students should notify a teacher, counselor, or principal. The employee will give the student an official report form, and will help the student complete the form, if needed.

Students may make an anonymous report of bullying, and such report will be investigated as thoroughly as possible. However, it is often difficult to fully investigate claims which are made anonymously and disciplinary action cannot be taken against a bully solely on the basis of an anonymous report.

Staff Reporting

Staff members will encourage students to report bullying. All employees are required to report acts of bullying to the school principal on an official report form. Any staff member who witnesses, hears about, or suspects bullying is required to submit a report.

Bullying Investigators

Each school site will have a designated individual and an alternate to investigate bullying reports. These individuals will be identified in the site's student and staff handbooks, on the district's website, and in the bullying prevention education provided annually to students and staff. The district's anti-bullying program is coordinated at the district level by its bullying coordinator, Adam Leaming, Executive Director of Operations.

Investigating Bullying Reports

For any alleged incidents of bullying reported to school officials, the designated school official will investigate the alleged incident(s) and determine (i) whether bullying occurred, (ii) the severity of the incident(s), (iii) the potential for future violence, and (iv) the reason for the actual or perceived bullying.

In conducting an investigation, the designated official shall interview relevant students and staff and review any documentation of the alleged incident(s). School officials may also work with outside professionals, such as local law enforcement, as deemed appropriate by the investigating official. In the event the investigator believes a criminal act may have been committed or there is a likelihood of violence, the investigator will immediately call local law enforcement and the superintendent.

At the conclusion of the investigation, the designated employee will document the steps taken to review the matter, the conclusions reached and any additional action taken, if applicable. Further, the investigator will notify the district's bullying coordinator that an investigation has occurred and the results of the investigation. In the event the investigation reveals that bullying occurred, the district's bullying coordinator will refer the student who committed the act of bullying to a delinquency prevention and diversion program through the Office of Juvenile Affairs.

Upon completion of an investigation, the school may recommend that available community mental health care or substance abuse options be provided to a student, if appropriate. The school may provide a student with information about the types of support services available to the student bully, target, and any other students affected by the prohibited behavior. These resources will be provided to any individual who requests such assistance or will be provided if a school official believes the resource might be of assistance to the student/family. The district is not responsible for paying for these services. No school employee is expected to evaluate the appropriateness or the quality of the resource provided, nor is any employee required to provide an exhaustive list of resources available. All school employees will act in good faith.

The school may request the disclosure of information concerning students who have received substance abuse or mental health care (pursuant to the previous paragraph) if that information indicates an explicit threat to the safety of students or school personnel, provided the disclosure of the information does not violate the requirements and provisions of the Family Educational Rights and Privacy Act of 1974, the Health Insurance Portability and Accountability Act of 1996, OKLA. STAT. tit. 12 § 1376, OKLA. STAT. tit. 59 §1376 of the Oklahoma Statutes, or any other state or federal laws regarding the disclosure of confidential information. The school may request the disclosure of information when it is believed that the student may have posed a danger to him/herself and having such information will allow school officials to determine if it is safe for the student to return to the regular classroom or if alternative education arrangements are needed.

Parental Notification

The assigned investigator will notify the parents of a target within one (1) school day that a bullying report has been received. Within one (1) school day of the conclusion of the investigation, the investigator will provide the parents of a target with the results of the investigation and any community resources deemed appropriate to the situation.

If the report of bullying is substantiated, within one (1) school day of the conclusion of the investigation, the investigator will contact the parents of the bully to discuss disciplinary action and any community resources deemed appropriate to the situation.

The timelines in this parental notification section may be reasonably extended if individual circumstances warrant such an extension.

Parental Responsibilities

All parents/guardians will be informed in writing of the district's program to stop bullying and will be given a copy of this policy upon request. An administrative response to a reported act of bullying may involve certain actions to be taken by parents. Parents will be informed of the program and the means for students to report bullying acts toward them or other students. They will also be told that to help prevent bullying at school they should encourage their children to:

- Report bullying when it occurs;
- Take advantage of opportunities to talk to their children about bullying;
- Inform the school immediately if they think their child is being bullied or is bullying other students;
- Watch for symptoms that their child may be a target of bullying and report those symptoms; and
- Cooperate fully with school personnel in identifying and resolving incidents.

Student Transfers

Students who are victims of bullying, and who report the incident(s) to school administrators, may choose to transfer to another school district. Any application for transfer must be made in accordance with the receiving school district's transfer policy.

Monitoring and Compliance

In order to assist the State Department of Education with compliance efforts pursuant to the *School Safety and Bullying Prevention Act*, 70 OKLA. STAT. § 24-100.2 et seq., the district will identify a Bullying Coordinator who will serve as the district contact responsible for providing information to the State Board of Education. The Bullying Coordinator shall maintain updated contact information on file with the State Department of Education and the school district will notify the State Department of Education within fifteen (15) days of the appointment of a new Bullying Coordinator.

A copy of this policy will be submitted to the State Department of Education by December 10th of each school year as part of the school district's Annual Performance Report.

The evaluation will be at no cost to you. If eligibility is determined, services for your child will be offered by our district, regardless of the severity of the disability or developmental delay.

Code of Conduct

- One of the most important goals we have at Garfield Elementary is the development of student self-discipline. While it does not appear as a subject, it underlies the whole educational structure. It is the training that develops self-control, character, orderliness and efficiency. It is the key to good conduct and proper consideration for other people.
- Communication between home and school is essential when disciplinary incidents occur. Repeated violations of school rules, as well as the disciplinary measures taken to correct the misbehavior, will be brought to your attention. We have high expectations for all of our students. We strive to provide a safe learning environment conducive to learning. To maintain a safe environment, we expect all students to abide by the following expectations:

- Practice the Golden Rule, “Treat others how you would like to be treated.” ○ Show respect for yourself, your school and the property of others.
- Be courteous to everyone.....students, staff, and visitors. ○ Use only appropriate language.
- Garfield has adopted a “No Violence” policy. The policy is as follows: “Violence is any mean word, look, sign or act that hurts a person’s body, feelings or things. No one is entitled to use violence. Violence is not tolerated at our school.”
- Toys, electronic games, radios etc. should be left at home.

Deliveries at School

- Flowers or balloons will not be delivered to students during the time classes are in session. Deliveries may be made to the office and the student will be informed to stop by the office at the end of the day to pick up items.

School Safety and Bullying Prevention Act (OKLA. STAT. tit. 70, § 24-100.2)

The Oklahoma Legislature established the *School Safety and Bullying Prevention Act* with the express intent of prohibiting bullying in all schools. In addition to the prohibition listed in the student discipline code, above, the board has adopted a separate policy prohibiting bullying and outlining the district's plan to address it.

Sample Disciplinary Options:

- *Instructor or Administrator Intervention*
May include, but is not limited to: warning conference with student, parent conference, referral to counselor, behavioral contract, restriction of privileges, requirement of corrective action by student, changing student's seat or class assignment, involvement of local authorities or agencies, or other appropriate action as required or indicated by the circumstances.
 - *Detention or In-School Intervention*
Detention is a correctional measure used when it is deemed appropriate. Students are to report to the appropriate teacher/principal at the specified time with class work to be studied. Detention may be assigned on a week-day or on a Saturday, as deemed appropriate.
 - *Alternative In-School Placement*
Alternative in-school placement is an optional correctional measure that may be used by the school when deemed appropriate. It involves assignment to a school site, designated by the school, for a prescribed course of education as determined by school representatives. Any such placement will be made in accordance with applicable special education procedural safeguards.
 - *Alternative Out-of-School Placement*
Alternative out-of-school placement is an optional correctional measure specifically authorized in cases when a student has made electronic communications intended to terrify, intimidate, harass, or threaten injury or harm to faculty or students. Any such placement will be made in accordance with applicable special education procedural safeguards.
- *School Service*
School service may be required of students when an administrator believes that it would allow the student to understand the logical consequences of his/her conduct. Examples include, but are not limited to, cleaning after vandalism or littering, helping a teacher after disrupting a class, etc. School service will not be utilized to augment the district's workforce, in ways which are likely to endanger a student, or in a manner which is designed to unduly embarrass a student.
- *Out-of-School Student Suspension*
Students may be suspended out of school pursuant to the district's policy regarding student suspension.

Corporal punishment will not be utilized at any school site.

Student Privileges While Under Suspension

Participation in the extracurricular activities of the school is a privilege and not a right. Accordingly, when a student's behavior results in a determination by the principal to impose disciplinary or other correctional measures against a student, the student will not be permitted to participate in any extracurricular activities offered by the school during the term of the discipline unless, in the sole judgment of the principal, such participation is appropriate given the nature of the offense committed by the student.

"Extracurricular activities" include, but are not limited to, all school sponsored teams, clubs, organizations, ceremonies, student government, band, athletics and all other school sponsored activities and organizations.

Dress Code Policy (BOE 7.23-3.0)

- The dress code for elementary students is designed with emphasis on good grooming, cleanliness, and proper dress. This code is an important part of our educational process and tends to enhance one's appearance and personal image in the school and community. Compliance with this dress code is a responsibility of every student and parent, and is to be enforced by every certified staff member in the elementary schools.
- Any article of dress or any manner of hair style or makeup that is determined by school authorities to be a disturbing influence, undesirable from a health or safety standpoint, contrary to good taste, or likely to damage school property is subject to immediate 7-131 correction. Individual schools may specify specific dress code regulations in each school's handbook.
- DISCIPLINARY ACTION FOR DRESS CODE VIOLATIONS
 - o Failure to follow the school dress code while at school will result in the following:
 - 1st offense – Student will be given a verbal warning and provided with appropriate clothing.
 - 2nd offense – Student will be given a verbal warning and provided with appropriate clothing. Parents will be contacted.
 - 3rd offense – Student will be given a verbal warning and provided with appropriate clothing. Parents will be contacted and a parent conference may be held.

Drug Free Schools

- In recognition of the clear danger resulting from drug abuse and in a good faith effort to promote the health, safety and welfare of employees, students, and the community as a whole, the Board of Education of Ponca City Public Schools will provide a drug free school district in compliance with the Drug Free Schools and community Act Amendments of 1989 (P.L. 101-226). The unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance, alcoholic beverage, or illicit drug is prohibited anywhere on the school premises or as part of any of its activities. Use or possession of any tobacco products by students is prohibited. Use of any tobacco products by employees or patrons is prohibited on school premises.

Emergencies

- If any emergency should occur to your child, it is of the utmost importance that the address, **telephone numbers**, employment information, emergency numbers, and the childcare information be current and complete. Please include a cell phone number if possible. **Call the school or send a note to the office and your child's teacher if any of this information changes during the year.** Unlisted numbers will be kept confidential.

Evacuation Procedures

- In the event of an emergency requiring the evacuation of the building, students will either walk or will be transported by bus to a safe site. Please listen to local radio stations for information. Teachers will dismiss students to parents only. Persons other than parents may pick up students only with the WRITTEN permission of the parent. Garfield Elementary has developed a building Evacuation Plan. A copy of the plan is kept on file in the school office and at the Administration Building.

Fire Policy

- The alarm will be sounded in case of a fire. Students will follow instructed paths of exit. Practice drills on how to properly exit the building in the event of a fire will be conducted each trimester. A copy of the exit plan is kept on file in the school office.

Policy 7.23-5.0 ADMINISTRATION OF MEDICATION IN SCHOOL TO MINOR STUDENTS (Revised 10/11/2021)
Under Oklahoma law, a school nurse, an administrator or a designated district employee may administer prescription and nonprescription medications and assist in applying sunscreen to minor students. The parent must deliver the minor student's medicine to the school administrator in its original container with the parent's written authorization for administration of the medicine. The parent's authorization for either medicine or sunscreen must identify the minor student, the medicine or sunscreen, and include or refer to the label for instructions on administration of the medicine. The parent must complete a new authorization form for each change of medication or sunscreen, change of dosage or change in time of administration. Authorization forms will be available in the campus director's office.

Pursuant to Oklahoma law, students may be allowed to carry and self-administer sunscreen, prescribed asthma, anaphylaxis, replacement pancreatic enzyme, and diabetes medications according to the provisions in PCPS Policy 7.23-5.0.

Hazing Policy (BOE 7.16- 3.0)

- Hazing means any activity that recklessly or intentionally endangers the physical or mental health or safety of a student, required as a condition of membership in an organization, regardless of willing participation, including but not limited to physical brutality such as whipping, beating, branding, forced calisthenics, exposure to the elements, forced consumption of food, alcohol, drugs, or other substances, and activities which would induce extreme mental stress such as prolonged sleep deprivation, prolonged isolation, and conduct which could cause extreme embarrassment or humiliation.
- No organization having student members which is sponsored by the School District or which is permitted to hold meetings or other events on School District property (a "Student Organization") and no student member of a Student Organization shall engage or participate in or directly or indirectly condition membership on participation in or submission to a hazing activity.
- Students violating the hazing prohibition shall not be permitted to participate in any extra-curricular activity sponsored by the School District for a minimum of three (3) school months, shall be subject to disciplinary measures which may include suspension, and shall be referred to local law enforcement authorities for prosecution. Student Organizations that violate the hazing prohibition shall forfeit all rights, privileges, and recognition from the School District for a minimum of one year, and shall be referred to local law enforcement authorities for prosecution.
- This policy shall be considered to be a part of the by-laws or other organizational rules of all School Districtsponsored Student Organizations.

Head Lice

- Preventive screening will be done early in the year and repeated weekly. The pediculosis policy has been adapted from the State Department of Health's guidelines for the "Prevention and Control of Head Lice Infestation on Schools and Child Care Settings."
- Any child afflicted with a contagious disease or head lice may be prohibited from attending a public, private, or parochial school until such time as he or she is free from the contagious disease or head lice. In addition, any child prohibited from attending school due to head lice shall present to the school authorities, before said child may reenter school, certification from a health professional as defined by section 2601 of Title 63 of the Oklahoma Statutes or an authorized representative of the State Department of Health that said child is no longer afflicted with head lice. Certification from a health professional must be in writing expressing the date and type of treatment prescribed, and that the student is free from head lice and/or nits. Please see Ponca City Board Policy 7.23-4.0 for further clarification.

Home/School Communication

- Each child is to have a pocket folder designated as their “Take Home Folder.” Whenever possible, notes from the school or the community will be sent home in this special folder. Parents or guardians are asked to sign and date the sheet attached to the inside front cover of the folder. The student should return the signed folder to school the next morning.

Illness of Student

- Children, who are sick, running a fever, vomiting, have diarrhea or who have had a fever or vomited/diarrhea within the previous 24 hours are to remain at home. Children need to be fever free or no vomiting or diarrhea for 24 hours without medication. If a child is not running a fever, they will be asked to remain in class unless they are vomiting or having diarrhea. When a child becomes too ill to remain in class, the parent will be contacted. For this reason, it is most important that the school office be notified immediately of any change in phone numbers or emergency contact information. We cannot allow students who are ill to remain at school.

IMMUNIZATIONS 7.23 - 1.0

Policy 3.22 USE OF COMPUTERS AND ELECTRONIC COMMUNICATION EQUIPMENT AND SERVICES (Revised 9/14/2015)

- The forms of electronic and digital communications change rapidly. This policy addresses common existing forms of electronic and digital communication (email, texting, blogging, tweeting, posting, etc.) but is intended to cover any new form of electronic or digital communication which utilizes a computer, phone or other digital or electronic device.
- As a part of the resources available to students and employees, the district provides Internet access at each school site and at its administrative offices. The district intends for this resource to be used for educational purposes and not to be used for conduct which is harmful. This policy outlines the district's expectations regarding Internet access. The ability to access the Internet while on school property is a privilege and not a right. Access cannot be granted until an individual has completed an "Internet Access Agreement" and access may be revoked at any time.
- In addition to Internet access, the district also provides each student and teacher with a laptop computer. This equipment is loaned to the student for the remainder of the school year for the express purpose of increasing educational opportunities. The student/teacher is required to return the laptop at the conclusion of the school year in the same condition the laptop was issued to the student, minus normal wear and tear. In the event the laptop is damaged, lost or stolen, the student's parent/teacher agrees to reimburse the district in accordance with the fee schedule attached to the Laptop Use Agreement.
- Any individual using district resources to engage in electronic or digital communications has no expectation of privacy. Further, employees and students must be cognizant of the fact that electronic or digital communications which occur on private equipment are often permanently available and may be available to school administrators.
- Employees and students are expected to use good judgment in all their electronic or digital communications - whether such activities occur on or off campus or whether the activity uses personal or district technology. Any electronic or digital communication which can be considered inappropriate, harassing, intimidating, threatening or bullying to an employee or student of the district - regardless of whether the activity uses district equipment or occurs during school/work hours - is strictly forbidden. Employees and students face the possibility of penalties, including student suspension and employee termination, for failing to abide by district policies when accessing and using electronic or digital communications.
- This policy in its entirety may be accessed from the district website, www.pcps.us under *Board of Education, Policy Book Section III*. Should you require a copy, please contact the Board Clerk.

PONCA CITY SCHOOL DISTRICT NOTIFICATION OF RIGHTS UNDER FERPA

(Revised 10/14/2019)

(Section VII-Students, Policy 7.20)

FOR "VIRTUAL ONLINE SCHOOL FAMILY EDUCATION RIGHTS AND PRIVACY ACT ("FERPA"),

SEE POLICY 7.20-1.4

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that affords parents and "eligible students" over 18 years of age certain rights with respect to the student's education records. They are:

1. The right to inspect and review the student's education records within 45 days from the day the district receives a request for access.

Parents or eligible students must submit a written request to the school principal or appropriate school official that identifies the record(s) they wish to inspect. This school administrator will make arrangements for access to the education records and will notify the parent or eligible student of the time and place where these records may be inspected.

2. The right to request correction of the student's education records that the parent or eligible student believes are inaccurate, misleading or otherwise in violation of the student's privacy rights.

Parents or eligible students may ask the district to amend a record they believe is inaccurate, misleading or otherwise in violation of the student's privacy rights. They must submit a written request to the school principal or appropriate school official, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading or otherwise in violation of the student's privacy rights.

If the district decides not to make changes in the record as requested, the district must notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for correction. Additional information about hearing procedures will be provided to the parent or eligible student at the time of this notification.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent (34 CFR § 99.31).

School officials with legitimate educational interests are permitted disclosure without consent. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member, including health or medical staff and law enforcement unit personnel; a person serving on the board; a person or company with whom the district has contracted to perform a special task, such as an attorney, auditor, medical consultant or therapist; or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the district will disclose education records without consent to officials of another school district in which a student seeks or intends to enroll.

School districts may disclose, without consent, "directory" information; however, the district must inform parents and eligible students about directory information, allowing them a reasonable amount of time to request that the district not disclose directory information about that student.

School districts must notify parents and eligible students annually of their rights under FERPA by means of a special letter, inclusion in a Parent/Teacher Association (PTA) bulletin, student handbook and/or other means left to the discretion of each school district.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the office that administers FERPA are:

U.S. Department of Education
400 Maryland Avenue, SW

PONCA CITY SCHOOL DISTRICT DIRECTORY INFORMATION NOTICE

(Revised 10/14/2019)

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that the district, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child’s education records. However, the district may disclose appropriately designated “directory information” without written consent, unless you have advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the district to include this type of information from your child’s education records in certain school publications. Examples include:

- A playbill, showing your student’s role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA), as reauthorized by the Every Student Succeeds Act (ESSA) of 2015 to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student’s information disclosed without their prior written consent. Directory information will not be released to outside organizations for commercial or non-commercial purposes.

If you do not want the district to disclose directory information from your child's education records without your prior written consent, you must notify the superintendent in writing. The district has designated the following information as "directory information," and it will disclose that information without prior written consent:

1. The student's name;
2. The student's address;
3. The student's telephone listing;
4. The student's date and place of birth;
5. The student's dates of attendance;
6. The student's grade level (i.e., first grade, tenth grade, etc.);
7. The student's participation in officially recognized activities and sports;
8. The student's degrees, honors and awards received;
9. The student's weight and height, if a member of an athletic team;
10. The most recent educational agency or institution attended;
11. The student's photograph; and
12. The student's electronic mail address.

No parent or eligible student can opt out of the requirement that a student wear his or her ID badge which shows the student's school ID number.

Personal Items/Toys

- Personal toys and items such as cards, trucks, water pistols, MP3 or iPods, cell phones, cameras, paging devices, rollerblades, skateboards, etc., are not to be brought to school. These items are a distraction in the classroom and invite theft. If a student is found to have such an item at school, it will be held in the classroom/office until the parent or guardian picks up the item. Any items not claimed by the last day of school will be discarded or donated.

Physical Restraint of Students with Disabilities (7.07-2.0)

- School personnel may use physical restraint for students with disabilities only under the emergency circumstances identified in the Physical Restraint Guidelines and only if the elements identified by the Physical Restraint Guidelines exist.

10. **A child must have a doctor's note in order to stay in from recess.** If parents do not feel their child is well enough to play, they may sit on one of the benches and read a book or do another type of quiet activity.
11. Play will stop immediately when the bell rings or whistle is sounded. Line up quickly and quietly. Wait for your teacher to give you instructions.
12. Students are not to return to classrooms for balls, jackets, etc. except under special circumstance.
13. If a student needs to go to the restroom, send them through the southwest door to the cafeteria restroom – students do not need a "friend" to go with them.

Professional Conduct By Staff (6.2 – 3.1)

- The BOE counts on staff to adhere at all times to recognized standards of professional conduct.

Proficiency Based Promotions

- Upon written request, a student will be given the opportunity to demonstrate proficiency in one or more areas of the core curriculum. Proficiency for advancing to the next level of study will be demonstrated by 90% or comparable performance on an assessment or demonstration. Proficiency exams will be given twice each year at the district office. Interested persons should contact the Assistant Superintendent of Curriculum and Instruction.

STUDENT PROMOTION AND RETENTION AND STUDENT PASS/FAILURE OF A COURSE 4.3

Introduction

- This policy establishes guidelines for teachers and administrators related to student promotion and retention. It also establishes an appeal procedure for parents who wish to challenge a retention or promotion decision.
- As used in this policy, "promote" or "promotion" means to place a student who has successfully completed the requirements of a particular grade level into the next higher grade level following the end of the school year, or before November 1 of the academic year if the student is being promoted at mid-year in accordance with the Reading Sufficiency Act, and to record on the student's permanent cumulative record that he or she has successfully completed his or her current grade level.
- As used in this policy, "retain" or "retention" means a decision to decline to advance a student into the next higher grade level following the end of the school year and to indicate on the student's

permanent cumulative record that he or she has not successfully completed the requirements of his or her current grade level.

- As used in this policy, "not passed in a course" or similar wording, means the student is assigned a failing semester grade in a course of study which failing grade will be recorded on the student's permanent cumulative record.

Promotion/Retention and Failing Courses

- Each school in this district will form a committee to review and make decisions regarding retention and promotion. The committee will be composed of a classroom teacher, a counselor when available, the principal and additional personnel who may be assigned by the principal or superintendent when appropriate. No committee will be formed regarding a failing grade in a course, but such failing grade shall be shown on the student's report card.
- Supportive evidence must be presented to the student and parent regarding a retention decision. This evidence must be based on:
 1. Testing which actually covers the subject matter presented to the student.
 2. Assignments directly related to the subject matter being taught.
 3. Consideration will also be given to the student's attendance record, although this matter will not bear the same weight as items 1 and 2.
 4. Consideration will also be given to the student's level of maturity (physical, mental, emotional, and social), although this matter will not bear the same weight as items 1, 2 and 3 and cannot be the sole reason for a decision to retain or promote a student.
- The student and the parent must be made aware of the possibility of the student's impending retention or failing grade in a course. Any student in danger of being retained or failing a course shall be notified prior to the end of the school year that the student's performance is insufficient, and the student's parents will be mailed a written notice. The school staff will make every effort to help the student improve the student's academic standing.
- Promotion will be determined by successfully completed units of instruction to be established by the board of education, the superintendent and the relevant principal.

Retention Based on the Reading Sufficiency Act

- As provided for in the school district's Reading Sufficiency Act Testing and Procedures Policy, reading sufficiency testing will be conducted in the school district to ensure that each student has attained the necessary reading skills upon completion of the third grade. To determine the promotion and retention of a third-grade student pursuant to the Reading Sufficiency Act, the State Board of Education shall use only the reading comprehension and vocabulary scores portion of the statewide third-grade assessment and shall not use the other language arts scores portions of the test. No student may be assigned to a grade level based solely on age or other factors that constitute social promotion. For more information on the Reading Sufficiency Act Testing and Procedures Policy, please refer to board policy [4.2-7.0 Reading Sufficiency Act Testing and Procedures](#).
- The complete policy on 4.3 Student Promotion and Retention and Student Pass/Failure of a Course can be viewed on the district website, www.pcps.us, under Board of Education, Policy Book.

Publicity

- Occasionally, we have publicity opportunities for our school involving articles, photographs, slides, audio, or videotapes. If you do not want your child to participate in these opportunities, please check the appropriate space on the student enrollment form and inform the office in writing so that we may excuse your child from any such opportunities.

Recess

- Students need to go outside for fresh air and physical activity each day. The only times we will have inside recess is if it is actively raining, snowing, or whenever the temperature/wind-chill is below 32 degrees or the heat/heat index is above 100 degrees. Please assume that your student(s) will be going outside for recess and dress him/her accordingly. If a child cannot play at recess for medical reasons, please send a doctor's note to school.

Reporting to Parents

- The school year is divided into two semester periods. Following the end of each quarter, your child's grades will be posted on an online progress report in PowerSchool.
- A conference may be called any time the teacher or parents feel it is necessary. Your child's teacher(s) will contact you and set up an appointment so you may attend the two designated elementary conference days. This provides an opportunity for the teacher to explain grading patterns and the online grade card and gives parents a chance to ask questions.

Safety and Healthy Schools Team

- The Safe and Healthy School Committee meets four times during the school year. The committee includes the school principal, counselor, child nutrition, teachers, parents, and students. The job of the committee is to review safe and healthy school practices and concerns.

School Improvement Process

- The Ponca City Board of Education has made a commitment to the patrons of the city to implement the process of school improvement. Each year educators and patrons at individual sites engage in a collective planning process that is sequential and developmental. Each stage of the process contains elements that are critical to the formation of a successful school improvement plan. While the stages are developmental, there may be times when they overlap. The major components of the school improvement process are as follows: Preparation, Focus, Diagnosis, and interpretation of Student Data, Plan Development, Plan Implementation, and Plan Evaluation.

School Nurse

- The Ponca City School District has two full time school nurses. The nurse and his/her volunteers will conduct periodic health screenings. They also conduct human growth and development classes and AIDS awareness classes in grades 4 & 5. Parents are invited to preview the curriculum materials and are given the opportunity to exempt their child from these classes if they so desire.

Screenings

- **Vision Screening** -Good vision is essential to your child's learning. Policy 7.23-5.0 ADMINISTRATION OF MEDICATION IN SCHOOL TO MINOR STUDENTS (Revised 10/11/2021)

Under Oklahoma law, a school nurse, an administrator or a designated district employee may administer prescription and nonprescription medications and assist in applying sunscreen to minor students. The parent must deliver the minor student's medicine to the school administrator in its original container with the parent's written authorization for administration of the medicine. The parent's authorization for either medicine or sunscreen must identify the minor student, the medicine or sunscreen, and include or refer to the label for instructions on administration of the medicine. The parent must complete a new authorization form for each change of medication or sunscreen, change of dosage or change in time of administration. Authorization forms will be available in the campus director's office.

Pursuant to Oklahoma law, students may be allowed to carry and self-administer sunscreen, prescribed asthma, anaphylaxis, replacement pancreatic enzyme, and diabetes medications according to the provisions in PCPS Policy 7.23-5.0.

Student Learning

- Garfield students are offered an educational program based upon Oklahoma academic Standards. This curriculum is available for review upon request to the principal. Teachers present this core curriculum in a variety of instructional methods to provide for cooperative group learning in addition to competitive and individualized learning formats to incorporate high expectations and successful experiences for all students.

Policy 7.5-2.0 STUDENT RESIDENCY (Revised 10/11/2021)

The Ponca City Public Schools District is established for the purpose of serving the educational interests of resident students. State Law provides that a child's residence for school purposes is the school district in which the parent, legal guardian or person having legal custody of the child holds legal residence.

The School District provides educational services for homeless children to the extent required by law.

Qualified students may establish residency under a Special Power of Attorney as required by the Compact on Education Opportunity for Military Students.

For more information on Student Residency, refer to board policy **7.5-2.0 Student Residency** on the district website, www.pcps.us under Board of Education Policy Book.

Student Search and Seizure Policy 7.9 – 1.0 (Adopted 9/19/2005)

The school principal or designee is authorized to detain and search any student and any property in the student's possession while on school premises, at school activities, or in transit under authority of the school, for any item possession of which by the student is illegal or prohibited by school rules, or for property believed to have been stolen from another student, an employee, or the school. The search shall be conducted according to the following guidelines:

1. Reasonableness.
 - a. The decision to search must be based upon a reasonable suspicion that
 - (1) a violation of the law or school rules has occurred or is occurring;
 - (2) the student to be searched has committed the violation; and
 - (3) particular evidence of the violation will be discovered in the search.
 - b. In deciding whether a suspicion is reasonable, all the circumstances surrounding the case should be considered, including:
 - (1) the student's age, history, and record in school;
 - (2) the prevalence and seriousness of the suspected violation;
 - (3) the school officials' prior experience in detecting the problem or recognizing suspicious behavior;
 - (4) the need to make a search without delay and further investigation;
 - (5) the specificity and source of the information used as justification for the search; and
 - (6) the particular teacher or school official's experience with the student.
2. Scope.
 - a. The scope or extent of the search shall be reasonably related to the kind of objects being searched for, and not excessively intrusive in light of the student's age and sex and the nature of the suspected violation.
 - b. A search commenced to discover a particular kind of item may be expanded or continued for additional items if circumstances warrant.
3. Discovered items.
 - a. Illegal items or other possessions or substances reasonably determined to be a threat to the safety or security of others may be seized by school authorities. These items will immediately be turned over to law enforcement officials for disposition as they see fit.
 - b. Items which are used to disrupt or interfere with the educational process may be temporarily removed from student possession.
4. Refusal to submit to search. A student who refuses to peaceably submit to a search based on reasonable suspicion or who refuses to turn over items discovered as a result of a search may be suspended for such refusals.
5. Reports. The person conducting the search shall prepare a report to be maintained by the principal including the date, time, place, names of witnesses, purpose, basis, and result of the search.
6. Vehicle Search. Students who drive a vehicle on to school property do so as a privilege afforded them by the School District and not as a right. Accordingly, any student who drives a vehicle of any kind to school and parks the vehicle on school property is deemed to authorize a search of such vehicle by the school principal or designee at any time and for any reason deemed appropriate by the school principal or the superintendent of schools. Any student who refuses to peaceably submit to a search of the vehicle when requested to do so may be suspended for such refusal and may thereafter be denied the right to drive a vehicle on to school property.

Student Locker Search and Seizure Policy 7.9 – 2.0 (Adopted 9/19/2005)

To maintain discipline and ensure the proper functioning of the educational process, school administrators must have access at all times to all school property, including lockers, desks, etc. assigned to students. The administration will maintain a confidential file of all lockers and their combinations and will retain master keys to all lockers, cabinets, etc., as applicable. Thus, although students have privacy rights in their locker contents as against other students, they do not have privacy rights in their locker contents as against school administrators. No school property will be used to store objects or materials that violate school regulations or state and local laws. The school maintains the right to ensure that lockers and desks are properly cleaned and that they do not contain items which should not be kept on school property. Lockers will be opened periodically for cleaning purposes and to locate overdue library and class materials. In addition, school administrators may open and examine student lockers, desks and all school property assigned to students for general and specific inspections at any time.

Illegal items or other possessions or substances reasonably determined to be a threat to the safety or security of others will be seized by school authorities. These items will immediately be turned over to law enforcement officials for disposition as they see fit.

Items which are used to disrupt or interfere with the educational process will be temporarily removed from student possession.

Student Suspension (out-of-school) Policy 7.16 – 1.1 (Revised 9/14/2015)

This policy applies only to out-of-school suspensions and, unless otherwise noted, all references to "suspension" in this policy means out-of-school suspension. References to "parent" in this policy means a student's parent(s) or legal guardian(s). References to "principal" means the school principal or staff member to whom the principal has delegated the responsibility for student discipline.

Behavior or Conduct that May Result in Suspension:

Students may be suspended for:

1. violation of a school regulation (which includes but is not limited to any policy, rule, regulation, directive, etc.);
2. possession of an intoxicating beverage, low-point beer, as defined by OKLA. STAT. tit. 37, § 163.2, or missing or stolen property if the property is reasonably suspected to have been taken from a student, a school employee, or the school during school activities;
3. possession of a dangerous weapon or a controlled dangerous substance while on or within two thousand (2,000) feet of public school property, or at a school event, as defined in the Uniform Controlled Dangerous Substances Act. Possession of a firearm shall result in suspension as provided in the district's policy related to firearms;

Students who are suspended under categories 1 or 2 will be provided with an education plan as outlined below. No education plan will be required for students who are suspended under category 3.

Violent Acts Toward School Personnel

- Any student in grades 6 through 12 found to have assaulted, attempted to cause physical bodily injury, or acted in a manner that could reasonably cause bodily injury to a school employee or person volunteering for the school shall be suspended for the remainder of the current semester and the next consecutive semester. For good cause and considering the totality of the circumstances, the district's superintendent or designee may modify the term of the suspension. Final action as to any such suspension, including its term, remains with the board of education or designated hearing officer, pursuant to a timely appeal.
- Students suspended for a violent offense directed toward a classroom teacher shall not be allowed to return to the teacher's classroom without the teacher's prior approval. Whether an

offense is considered a violent offense, requiring an affected teacher's approval as a condition of return to a particular classroom, shall be based on applicable provisions of the Oklahoma school law regarding student suspension and applicable Oklahoma criminal law distinguishing between violent and nonviolent offenses.

District's Obligations Prior to Suspension

- Before the district recommends suspension, other disciplinary options will be considered, including but not limited to: placement in an alternative school setting, reassignment to another classroom, and detention. The district will provide additional procedural safeguards as required by law for students identified as having disabilities under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act/Title II of the Americans with Disabilities Act.

Pre-Suspension Conference

- When a student engages in behavior or conduct that may result in suspension the principal shall conduct an informal conference with the student.
- At the conference the principal shall read the regulation that the student is charged with having violated and shall discuss the student's conduct. The student shall be asked whether he/she understands the regulation and be given a full opportunity to explain and discuss his/her conduct.
- If the principal concludes that suspension is appropriate, the student shall be advised that he/she is being suspended and the length of the suspension. The principal shall immediately notify the parent by phone and in writing that the student is being suspended and that other disciplinary options were considered and rejected. The written notice will state which alternative disciplinary options were considered and why they were rejected. Elementary and middle school students shall not be dismissed before the end of the school day without advance notice to the parent.
- A student may be suspended without a pre-suspension conference only in situations when the principal reasonably believes that the student's continued presence in the building will constitute an immediate danger to the health or safety of students, school employees, school property, or would be a substantial disruption of the educational process. In such cases, a conference with the student and parent will be scheduled as soon as possible after the student has been removed from the building.

Conferences with Parents

- The principal will seek to hold a conference with the parent as soon as possible after the suspension has been imposed. The parent should be advised of his/her right to a conference with the principal at the time he/she is verbally notified that a suspension has been imposed. The conference will be held during the regular school hours, Monday through Friday, with consideration given whenever possible to the hours of working parents.
- At the conference, the principal will read the regulation the student is charged with having violated and will briefly outline the student's conduct. The principal will also explain the reason for rejecting other disciplinary options. The parent should be asked by the principal if he/she understands the regulation and the charges against the student.
- At the conclusion of the conference the principal shall state whether he/she will terminate or modify the suspension. In all cases the parent will be advised of the right to have the suspension reviewed by the superintendent, board of education, a hearing officer appointed by the board, or the suspension committee as provided by this policy. If the parent is in agreement with the principal's decision, he/she will be requested to sign a waiver of review.

Individualized Plans

- Suspensions in excess of five (5) days shall include an Individualized Plan ("Plan") that shall describe either a home-based school work assignment setting or other appropriate work assignment setting. The Plan shall be prepared by the principal with the assistance of other school employees.
- The Plan shall provide for the core units in which the student is enrolled. Core units shall consist of the minimum English, Mathematics, Science, Social Studies and Art units required by the Oklahoma State Department of Education for grade completion in grades kindergarten through eight and for high school graduation in grades nine through twelve.
- A copy of the Plan shall be provided to the student and parent. The parent shall be responsible for providing a supervised, structured environment monitoring the student's educational progress until the student is readmitted into school. The Plan shall set out the procedure for education and shall also address academic credit for work satisfactorily completed.

Records

- The principal will keep written records of each suspension conference. The records will contain the date of the conference, names of participants, time and duration of the conference, and the basis for rejecting alternative disciplinary options. The principal shall also maintain records related to the Plan and the student and/or parent's compliance with the Plan.

Suspension Terms

- All suspensions will have a definite start and end date. The term of a suspension may be reduced if a student performs a specified remedial act if those conditions are agreed to at the time of the suspension. Suspension lengths will be as consistent as possible between students considering the nature of the conduct and the previous disciplinary history of the student.
- Long-term suspensions are those suspensions in excess of ten (10) school days. Suspensions will not extend beyond the current school semester and succeeding semester, except in the case of possession of a firearm, in which case a suspension shall be for a period of not less than one (1) calendar year. Suspensions involving firearms are governed by the school district's Gun-Free Schools Student Suspension policy.
- Short-term suspensions are those suspensions of ten (10) or fewer school days.

Long-Term Suspension Appeals

- A parent/student may appeal the suspension to the superintendent and board of education or a hearing officer appointed by the board. The principal shall inform the parent/student of the right to appeal the suspension and the method for appealing. At the parent/student's option the appeal may be directly to the board or the board's appointed hearing officer.
- A written appeal must be received by the superintendent within five (5) calendar days after the parent/student receives the principal's decision. If the superintendent does not receive a written appeal within five (5) calendar days of the principal's decision, the principal's suspension decision is final.

Appeals to the Superintendent or Designee ("Superintendent")

- If the superintendent receives a timely written appeal request, the superintendent will hold a conference with the parent or guardian as soon as possible. The conference will be held during regular school hours, Monday through Friday, with consideration given to the hours of working parents whenever possible.

- At the conference, the superintendent will read the regulation the student is charged with having violated and will briefly outline the student's conduct. The parent will be asked if he/she understands the regulation and the charges against the student. The student/parent will be given an opportunity to provide his/her version of events.
- At the conclusion of the conference the superintendent will state whether he/she shall terminate or modify the suspension. In all cases the parent shall be advised of the right to have the suspension reviewed by the board of education or a board-appointed hearing officer. If the parent is in agreement with the superintendent's decision, he/she shall be requested to sign a waiver of review by the board.

Appeals to the Board of Education or Designated Hearing Officer

- An appeal must be presented by letter to the superintendent within five (5) calendar days after the parent/student receives the superintendent's decision. If the superintendent does not receive a written appeal within five (5) calendar days of the superintendent's decision, the superintendent's suspension decision is final.
- If the board receives a timely written appeal request, the board or an appointed hearing officer will hear the appeal as soon as possible. This decision is final and nonappealable.
- The parent/student will be notified in writing of the date, time and place of the hearing and will have the right to choose an "open" or "closed" hearing. Reasonable efforts will be made to accommodate the work schedule of parents. The following procedures will be followed:
 1. The board president or the appointed hearing officer should:
 - a. Announce that the next agenda item is a suspension review hearing.
 - b. Ask whether the parent/student wants the hearing to be open to the public or in executive session. The offer of an open hearing and the response is to be made a part of the minutes of the meeting. If the parent/student requests a closed hearing, a motion to go into executive session per their request should be made and voted on.
 2. The board president or hearing officer should advise the parent/student:
 - a. That they are entitled to legal counsel, if they desire it.
 - b. That the administration will present its witnesses first and that after each witness the parent or their legal counsel will be given an opportunity to cross-examine.
 - c. That the parent/student will be given an opportunity to call any relevant witnesses and present any relevant evidence, subject to cross-examination by the administration's legal counsel.
 - d. That the board or its hearing officer will consider the evidence and documents and reach a decision that will be recorded by vote in open session.
 - e. That the parent/student may ask any questions about the procedure.
 3. Administration may call witnesses and present documents subject to cross-examination.
 4. Parent/student may call any witnesses and present documents subject to cross-examination.
 5. After each witness is presented board members or the hearing officer may ask the witness questions.
 6. Parent/student's closing statement.
 7. Administration's closing statement.
 8. Deliberate in private. (If the hearing is not in executive session, the board or its hearing officer may deliberate in executive session only with permission of the parent/student.)
 9. Return to open session and vote. After adopting a motion making certain findings of fact the board must make a motion to: (1) affirm the suspension; (2) modify the suspension (increase or decrease severity of the suspension); or (3) revoke the suspension. If the hearing is before a hearing officer, no motions will be required as a part of the hearing process; otherwise, the hearing officer will have the same obligations as the board when rendering a decision.

Attendance at School Pending Appeal Hearing

- Pending an appeal of the student suspension, the student will have the right to attend school under such "in-house" restrictions as the principal deems proper, except that at the discretion of the principal, the student may be prohibited from attending school pending any appeal hearing if in the judgment of the principal the student's continued presence in the building will constitute an immediate danger to the health or safety of students, school employees, school property, or would be a substantial disruption of the educational process.

Short-Term Suspension Appeals

- A parent or student may appeal the suspension decision to a suspension review committee established by the superintendent. The principal shall inform the parent/student of the right to appeal the suspension and the method for appealing.
- An appeal must be presented by letter to the principal within five (5) calendar days after the parent/student receives the principal's decision. If the principal does not receive a written appeal within five (5) calendar days of the decision, the principal's suspension decision is final.
- Upon receipt of the request, the principal shall confirm that the student's suspension falls within the category of suspensions to which an appeal to the committee is authorized. If the principal determines that the suspension is a long-term suspension, or the original short-term suspension is extended beyond ten (10) school days prior to the hearing, the procedures applicable to longterm suspensions must be followed and the student must be given the opportunity to appeal any adverse decision to the board of education.

Hearing the Appeal

1. The superintendent shall appoint a review committee consisting of not less than three certified administrators and/or teachers, and shall designate a chairperson for the committee. No administrator or teacher is eligible to serve on the committee who was a witness to the student's conduct, nor is any teacher eligible to serve who has the student in his/her class for the current school term.
2. The superintendent shall schedule the committee hearing as soon as possible during regular school hours, Monday through Friday. Reasonable consideration shall be given to accommodate the work schedules of the parent whenever possible. The parent/student will be notified in writing of the date, time and place of the hearing. The principal shall attend the hearing. Either party choosing to have legal counsel at the hearing shall give the other party twenty-four (24) hours advance notice. The failure to give such notice will preclude the party's right to have counsel attend the hearing.
3. The committee will conduct a full investigation of the student's suspension in an informal manner. The principal will briefly outline the student's conduct, read the regulation that the student's conduct violated, and present any evidence and witnesses that support the suspension decision. The parent/student will be asked by the committee if they understand the regulation and charges against the student. The parent/student will then briefly explain the student's conduct, and present any evidence and witnesses that support the student's position.
4. At the conclusion of the presentation of the evidence, the committee shall retire to render a decision by a majority vote as to the guilt or innocence of the student. The committee shall also determine the reasonableness of the term of the suspension. The committee's decision shall be confirmed in writing and a copy will be mailed to the parent, the principal and the superintendent.
5. The decision of the committee shall be final and non-appealable.

Student Privileges While Under Suspension

- Participation in school extracurricular activities is a privilege and not a right. Accordingly, students who are suspended are immediately ineligible to participate in extracurricular activities, notwithstanding the filing of an appeal. "Extracurricular activities" include, but are not limited to, all school sponsored teams, clubs, organizations, ceremonies, student government, band, athletics and all other school sponsored activities and organizations.

Policy 7.5-4.0 STUDENT TRANSFERS *(Revised 12/13/2021)*

Open Transfers previously granted by the school board will remain in effect unless the board of education takes action to deny a future year's attendance based upon capacity, discipline, or attendance as addressed within this policy. The school district will not accept or deny a transfer based on ethnicity, national origin, gender, income level, disabling condition, proficiency in the English language, measure of achievement, aptitude or athletic ability. The school district will begin accepting applications for the next school year starting the first Monday in March. Receipt of applications will be documented by the district so that the district may review those applications in the order submitted for purposes of capacity limitations. The administration will not approve or deny transfers received for the next school year until after the August 1 capacity data is determined for each grade level and site within the school district. For more information on transfers for non-resident students, please refer to board policy **7.5-4.0 Student Transfers**.

Tardy Policy

- Instruction begins promptly at 8:00 am. Students arriving after 8:05 will be counted tardy. Any time a student arrives after 9:30 am, the tardy becomes a ½ day absence. Students leaving school early in the afternoon miss vital instruction. Any time a student leaves before 1:30 pm, a ½ day absence for the afternoon is recorded. Students who are checked out early will be counted as an afternoon tardy.

Telephone

- The telephone is for school business only. We only have two incoming lines available. We try to keep conversations short so that you may call if there is a need. If you are trying to reach a teacher, we will gladly take a message and have that teacher return your call during his/her planning time. Calling the school and requesting to speak with your child is not allowed, unless there is an emergency. Please make all arrangements at home so student learning is protected. Students will only be able to use the phone in case of an emergency.

Textbooks and Library Books

- There is no charge for the use of textbooks or library books. Students are responsible for all textbooks and library books checked out to them during the school year. All lost or damaged books must be paid for in the school office. If a lost book is found, the money paid will be refunded.

Title I

- Garfield is a Title 1 School. Title 1 schools are determined by the amount of free and reduced lunches they have.
- Title I funding focuses on closing the achievement gap between low-income students with our students. With this funding we are able to maintain our curriculum specialist to help improve our curriculum and provide funding for supplemental instructional materials in reading and math. This funding has purchased Study Island, Education City, ixl.com, Reading A-Z, and Big Universe for our students. Both are computer based learning programs that level students in Math and Reading and provide interactive learning.
- A Parent/Teacher/Student Compact will be given out at Curriculum Night. Parent signatures are required to show receipt of the Compact.
- Parental involvement is a key element of Title 1 schools. It is a proven fact that parental involvement increases student achievement and decreases behavior problems. You will see this funding in activities such as our Family Fun Night, Book Fairs, Grandparent's Day, Monday Folders School Wide, Math/Reading/Technology Night, Student and Parent Activities and Parent Meetings. You will notice that we do many parent participation tracking charts like currently in our main lobby to make families aware of the level of parental participation throughout the school year. We also involve parents with our webpage and positive attitudes.
- Six Kinds of Involvement for Parents Include:
 1. **Parenting** - We can help by providing information about children's developmental stages and home environment considerations that support children as students.
 2. **Communicating** – Effective communication with families about student progress, school services and programs, and open door policies that allow parents to communicate with the school.
 3. **Volunteering** – We love to see parents volunteer in classrooms and events in which their children participate. Joining the Garfield Star Volunteers is a good way to start this process.
 4. **Learning at Home** – Improving homework strategies and other kinds of at-home learning to help improve student's skills such as computer-based programs.
 5. **Decision Making** – We are a family and include parents on school decisions with school organizations, advisory groups, and committees.
 6. **Collaborating with the Community** – Creative two-way connections between the school and the community that encourages our businesses and other groups to take an interest in our school such as our PIE Partners Phillips 66 and The Bag Lady.

Title VI/Native American Education

- Garfield Elementary participates in the district's Title VII program. The purpose of this program is to provide assistance to Native American students and parents and to assist in educating all students about the contributions and the culture of the Native American population.

Tornado Policy

- If the tornado-warning siren blows during school hours, children will be taken to the cafeteria located in the basement for refuge. Please do not call the school. The line must be kept open for calls from the Civil Defense and the Administration Office. Children will NOT be dismissed from school until Civil Defense officials have given the "all clear". Practice drills on how to take shelter in the event of a tornado will be conducted each trimester.

Violence Free Schools

- It shall be unlawful for any student, employee, or patron to have in his or her possession or participate in any person's possession any dangerous weapon on premises owned by the Ponca City Public Schools. Any person found to be in violation of this policy will be subject to all penalties outlined in Board of Education policy, state statute, and federal law.

Visitors

- **All visitors must report to the office when entering the building.** Parents are always welcome visitors at school, not only on special occasions or by special invitation, but on any day. Parents are invited to all school assemblies. Your visit gives the child a feeling of security through knowing that there is cooperation between you and his/her teachers. It also builds understanding between parents and teachers. When you visit, please observe these guidelines:
 - Please enter the building by using the East entrance on 8th Street and park in the visitor parking lot.
 - Stop at the office window that will be to your right, you will need your driver's license to sign in using Lobby Guard and pick up a visitor's badge .
 - Be considerate of your child when you discuss problems in his/her presence.
 - Please make an appointment for a conference when wishing to discuss individual problems or needs of your child to insure that your discussion is private and the teacher can give you his/her full attention. Volunteer meetings, Back to School Night etc. are times when the teachers are addressing group issues. Individual issues are best left to a time when just parent/guardian and teacher are present.
 - Arrange a parent/teacher conference at any time by calling the office (767-8030) or the teacher.

Withdrawal from School

- In the event that a student must begin attending another school, the school office should be notified as soon as possible in advance of the withdrawal, so that the necessary arrangements can be made for the transfer of student records to the new school.

Programs Available to Students at Garfield

Gifted Program

The Ponca City Schools has a program to identify and meet the needs of the academically gifted and talented child. We also have a committee, which plans activities to meet the needs of gifted students. Any parent wishing to serve on this committee may do so by calling the school office and informing us of your desire to serve.

Guidance and Counseling

The emphasis of the Elementary Guidance Counseling Program in the Ponca City Schools is developmental and preventative. The counselor regularly presents lessons to each class designed to help each child understand his or her feelings, appreciate his or her uniqueness, become more mature in relating to others and making decisions, and growing up drug free.

The counselor is available to counsel students individually and in small groups. Through consultation with parents and teachers, the counselor seeks to provide coordination of efforts between the school and home. Garfield's counselor, Mrs. Kellie Burch, may be reached for parent conferences by calling the school office at 767-8030 in the afternoons.

Literacy First

Literacy First is research-based, comprehensive, and based on balanced reading instruction. All instruction is driven by the assessment of students. This assessment allows teachers to teach students on their level, using active involvement.

Technology

Garfield has a variety of technology programs available. Students have the opportunity to work on individualized learning programs in the computer lab. A variety of additional software is available to reinforce the content being studied by students in class. Promethean Boards are utilized in every classroom. Students are also given OCCT review using an interactive Classroom Performance System that allows for immediate feedback on student answers. Garfield has a mobile lab with laptops for class use. An I-Pad is also utilized by students in the Title VII program.

Availability of Policy

A copy of the complete policy of the Ponca City Public Schools is available for parent and eligible student review in the principal's office of each school building, at the superintendent's office, and on-line at the district's web site www.pcps.us under the Board of Education link.

How Can I Help My Garfield Student Be Successful?

- Make sure your student arrives at school every day no later than 7:50 am or by 7:40 if they are eating breakfast at school. Learning begins promptly at 8:00am.
- Make sure your student attends school regularly. Every day is an important day of learning at Garfield Elementary.
- In the event that your student must miss a day of learning, be sure to excuse the absence by calling the office.
- Read with your student every night for at least 20 minutes. Younger students can listen to you read and/or share the reading with you by taking turns
- Communicate regularly with school staff, especially your student's teacher. Teamwork is essential
- Ask your student throughout the year – "What is your reading goal? What is your math goal? (PreK – 5th grade students have reading and math goals that teachers discuss on a daily basis at Garfield.)
- Communicate positives about school to your student. We want the school experience to be a happy one for each and every student that attends Garfield. Discuss it immediately with your student's teacher if there is difficulty.
