With more than 150 schools and 80,000 students, Metro Nashville Public Schools is one of the nation’s largest school districts, and with a wide range of programs and opportunities, strong instruction and committed educators, MNPS has something for every student. As the most diverse district in Tennessee, MNPS supports rigorous, engaging, and personalized learning experiences for all students to identify and eliminate inequities.
Every Student Known
Metro Schools believes every student should have a clear and achievable path to success marked by measurable goals.

Signature Initiatives
The district’s 14 Signature Initiatives guide the work of the district and ensure teachers, staff, students and parents have the support they need for students to reach their desired outcomes. They include the Literacy Reimagined initiative, Accelerating Scholars (a high-dosage tutoring program), and an innovative Navigators program connecting all students with one MNPS staff member for weekly check-ins.

Focused Outcomes
Focused Outcomes support a path of success for every student. These goals are related to attendance, literacy, social-emotional learning and other tier-specific academic objectives.

Elementary and Secondary School Emergency Relief Fund (ESSER) Funding Priorities
In response to the pandemic, the United States Congress has passed several pieces of legislation that sent billions of dollars in relief funds to states. MNPS has been granted $276 million to address the impact that the pandemic has had—and continues to have—on our schools. Of that, $48.8 million has been directly allocated to schools to meet their unique student needs. Other investments include:

- Build Infrastructure — $67.4 Million
- Accelerate Academics — $73.9 Million
- Every Student Known — $25.2 Million
- Grow our People — $13.5 Million
