WHERE WE ARE: COVID-19 continues to have a presence in our community, which directly impacts in-person learning and school operations. MNPS health staffing is based on the historical issues health school districts have faced and not the public health implications of a pandemic.

WHERE WE ARE GOING (School Year 21-22): We will enhance and refine the district’s COVID-19 planning and expertise through a partnership with the Metro Nashville Health Department. Specifically, they will advise and provide staffing for the district on:

a) public health protocols
b) testing protocols
c) vaccination protocols
d) public health decisions
e) communicating the needs of the students and staff to public health officials
f) reviewing emerging science and research

MEASURABLE GOALS:

- Increase school nurse coverage in schools.
- Develop and implement a COVID-19 vaccination protocol with willing students following federal approval.
- Develop and implement a COVID-19 booster vaccination protocol with willing staff following federal approval.

The Metropolitan Nashville Public Schools (MNPS) does not discriminate on the basis of race, religion, creed, sex, gender, gender identity, sexual orientation, national origin, color, age, and/or disability in admission to, access to, or operation of its programs, services, or activities. MNPS does not discriminate in its hiring or employment practices.
