

2021-22 STUDENT-PARENT HANDBOOK

READ THE HANDBOOK AT www.mnps.org/handbook

The Student Parent Handbook is online again this year which makes it easy to read, search and bookmark to review later. It is designed to be a reference guide you and families can use as the school year progresses. In addition to the online handbook, principals will be receiving a one-pager soon to distribute to parents/guardians. This one-pager is available in several different languages and provides an overview of how to access the handbook. It also includes information regarding permission forms parents/guardians will need to review and make their selections by going to <https://permissions.mnps.org/>.

Parent permissions must be submitted by **Friday, Sept. 10**.
