RE: AHERA Annual Compliance Notification

As of August 1, 2017,

According to the Asbestos Hazard Response Act, each school system must notify the public of inspections, response actions, periodic surveillance and re-inspection activities on an annual basis.

This is to inform you and/or your organization that AHERA Compliance Management Plans are available for public inspection in each of the principals' or coordinators' offices of every building site in the Lafourche Parish School System. These documents include the Inspection Report, Re-inspection Report, and the Management Plan. Request to view these may be made Monday-Friday during regular school hours.
