Personalized Service

- Available credit union representative for all of your needs
- Assistance with direct deposit
- Set up one-on-one appointments to review your personal finances

Direct Federal is a credit union which is a not-for-profit business and we have members not customers. That means any profits made at the end of the year are given back to our members in the form of higher dividends, lower loan rates, and free or low-cost services.

Open an account today and we will deposit your first \$50.00. Visit [Direct.com](https://www.direct.com) and select your company name under "Are you part of the Direct@Work program?" to receive any of the above product incentives.

Already a member? Reach out to your representative to flag your account so you receive the above product incentives for any future openings.
