AGENDA ITEMS

A. Wildflower Charter School Presentation
   - Mrs. Emma Reicks and Ms. Georgie Reigel presented information on their personal and professional experience with the Montessori Method of teaching. The Montessori Method, enables a student to learn at their own pace in the small sized, multi-aged classrooms with students being grouped according to their stage of development. The Method focuses not only on strong academics but also on the social and emotional development of the students. The Wildflower Montessori Public School Charter mission statement was read. Mrs. Reicks noted there is a strong interest in the community in having a Montessori charter school in the Grand Valley and reported they have received enrollment forms for more than 80% of their proposed enrollment. The proposed charter school would be part of the Wildflower Montessori Public Schools of Colorado system. Within the Wildflower Montessori Public Schools of Colorado system, each school functions separately, but have the support and ability to collaborate with the other schools. They announced a charter school application would be submitted to the District soon, with the hope of starting classes for students age five through eight in the fall of 2023. The ultimate goal is to establish a school to serve approximately 150 students in grades pre-kindergarten through sixth grade. Since students would only be attending through the sixth grade, Mrs. Reicks and Ms. Reigel shared additional information on their experiences with students transitioning from a Montessori school to a regular public school setting.

B. Grand Junction High School Project Update
   - Ms. Colleen Kaneda, Owners Representative with Dynamic Program Management reviewed the timeline for the various stages of the Grand Junction High School construction project. She reviewed what work has been completed and the work in progress. She reported over half the funds allocated for the project have been committed, with much of the balance of the funds to be committed with the completion of the bidding process, in the spring of 2023, for furniture, fixtures and moving expenses. In moving forward it is anticipated the percentage of funds being spent locally will increase. A large percentage of funds, to date, have been paid to an outside contractor for the foundation construction. The foundation and elevator work are two major items in the construction process contracted with companies outside of the Grand Valley but the majority of all the other work will be completed by local contractors. Ms. Kaneda, in answering questions, reported steps are in place to make sure furniture, which will not be moved to the new school, will be moved to other locations if there is a need.

C. Superintendent Performance Committee Formation
   - Mrs. Haitz requested two Board members volunteer to outline goals for Superintendent Hill to help establish a baseline for the Superintendent's evaluation. Ms. Lema and Dr. Sholtes volunteered to work on establishing clear and concise goals to be used in the Superintendent's evaluation process.
