ENROLLMENT GUIDELINES

Welcome to the 2022 Benefits Guide for Mesa County Valley School District 51!
Mesa County Valley School District is committed to providing an environment that promotes a healthy employee population able to serve our students at the highest level. We offer a comprehensive benefits package that includes health, dental, vision, as well as other programs for our eligible employees. This enrollment guide contains important information regarding these benefits, eligibility, and how to enroll. Please take time to review the information. The information contained is only a guide; the benefit decisions are yours. Full plan summaries and plan documents are available in your OnlinEnroll online enrollment portal Library. Printed documents are available upon request.

OnlinEnroll
Please follow the steps on the following pages to access our online benefit portal through OnlinEnroll to enroll in or make changes to your existing medical, dental, vision, life insurance, and other voluntary benefits. If you are happy with your current elections, you are NOT required to re-enroll other than for your Flexible Spending Account or Dependent Care Account.

Eligibility
You are eligible to enroll in the benefits program if you are legally employed, working 20 or more hours per week.

Your legal spouse (and civil union spouse) and your dependent children until the end of the month of their 26th birthday, are eligible for District 51 sponsored benefits.

Unmarried disabled children over age 26 may be eligible to continue benefits if approved.

Open Enrollment
Open enrollment is once a year and benefit elections will take effect January 1st. The elections you make stay in effect the entire plan year, unless a qualifying life event occurs. Qualified life events are:

- Marriage
- Divorce
- Birth
- Adoption
- Death
- Loss of Coverage

Additional qualifying events under the medical plan:
- Open Enrollment under your Spouses’ plan
- Change in work status (part time to full time or full time to part time)

When you have a qualifying event, you have 31 days beginning on the date of the event to complete and return a new enrollment/change form. This will still be done through Human Resources (You have 60 days to complete and return a new enrollment/change form after coverage under Medicaid or Children’s Health Insurance Program terminates). There is no open enrollment for any of the Guardian benefits, except for Voluntary Accident and Hospital Indemnity Benefits. If you did not enroll when first eligible, you must submit Evidence of Insurability.

Premium Payment
When you enroll for benefits, your medical, dental and vision premiums will automatically be set up to be paid using pre-tax dollars. If you prefer your premiums to be paid with after-tax dollars you must specifically elect the after-tax option upon being newly hired or during open enrollment. If an option is not given, contact HR.
GLOSSARY OF TERMS

The following terms will help you better understand your benefits.

Co-pay: A Copay is the portion of the Covered Expense that is your responsibility, as shown in the Medical Schedule of Benefits. A Copay is applied for each occurrence of such covered medical service and is not applied toward satisfaction of the Deductible.

Deductible: A Deductible is the total amount of eligible expenses as shown in the Medical Schedule of Benefits, which must be Incurred by you during any Calendar Year before Covered Expenses are payable under the Plan.

Coinsurance: Coinsurance is the percentage of eligible expenses the Plan and the Covered Person are required to pay.

Out-of-Pocket Maximum (OOPM): An Out-of-Pocket Maximum is the maximum amount you and/or all of your family members will pay for eligible expenses Incurred during a Calendar Year before the percentage payable under the Plan increases to 100%.

PPO (Preferred Provider Organization): This type of plan utilizes network and non-network benefits.

In-Network: The Plan offers a broad network of providers and provides the highest level of benefits when Covered Persons utilize “in-network” providers. These networks will be indicated on your Plan identification card.

Out-of-Network: Any non-contracted providers. The services from these providers are subject to balance billing, meaning members can be billed for the difference between the insurance carrier’s fee schedule and the billed charges.

**PRE-CERTIFICATION**

Before you receive certain medical services or procedures, your health plan requires a doctor to confirm that these requested services are considered medically necessary under your plan. This verification process is called "pre-certification." Even if some services or therapies are performed in your doctor's office, you may still need a pre-certification. Pre-certification requests must be submitted by your physician directly to UMR, follow the instructions on the back of your ID card.

**We’ll help you:**

- Look into a recent medical claim to make sure it was paid correctly

- Understand reward programs available to you
- Discover what services are available to you based on your plan

UMR CARE
A valuable part of your medical benefits

Few things in life are more important than the health of you and your family. Fortunately, you have UMR CARE on your side to help you understand all your medical care options.

UMR CARE has a staff of experienced, caring nurses (RNs) who help you get the most out of your health plan benefits. They work with you, your doctors and other medical advisors to get the services that best meet your needs.

Whether you’re having a baby, have an emergency hospitalization or need non-emergency care, our CARE nurses are there for you.

For example, we can assist you during a hospital stay, after you are released and with your home care. You can concentrate on getting well knowing your CARE nurse will review your progress with your doctor.

As an added bonus, our services can save you money and prevent delays in your medical claim processing. You will also learn about quality medical services and become a more informed health care consumer.

For medical providers, choose View Providers. For behavioral health providers (including counseling and substance abuse), select Behavioral health directory.
With the onset of Covid-19, telehealth has become an increasingly popular way for individuals to receive medical treatment and diagnosis without visiting a physical, clinical location such as a doctor's office or hospital.

Telemedicine and telehealth are sometimes used interchangeably to describe both clinical and non-clinical interactions with health professionals through technology. While telemedicine focuses on remote clinical assistance, telehealth also includes educational and non-clinical remote interactions through the use of various technologies such as webcams, apps, and mobile devices.

Telemedicine and telehealth provide options for meeting virtually with a healthcare provider when you are not feeling well. Using technology and apps, it is now easier than ever to meet with a physician from your home, office, or while traveling. Additionally, physicians are available outside of normal business hours and on weekends.

Meeting with a doctor through an app like Teladoc or Doctor on Demand is very similar to visiting your primary care physician in an office, except your interactions with the physician are through your mobile device. The doctor can give you a diagnosis based on your symptoms and even provide a prescription that can be picked up from your local pharmacy.

You can contact a doctor at any time using this benefit and there is no need to contact your Plan Advisor prior to using this service. We recommend you download the app to your phone now so that you can use this option when needed. More information is available on the next page.

There are three levels of dentists to choose from:

PPO Dentist: Payment is based on the PPO dentist’s allowable fee, or the actual fee charged, whichever is less.

Premier Dentist: Payment is based on the Premier Maximum Plan Allowance (MPA), or the fee actually charged, whichever is less.

Non-Participating Dentist: Payment is based on the non-participating Maximum Plan Allowance. Members are responsible for the difference between the non-participating MPA and the full fee charged by the dentist.

Right Start 4 Kids
Covers children up to their 13th birthday at 100% with no deductible (for the same services outlined in the plan, up to the annual maximum, and subject to limitations and exclusions). The child must see a Delta Dental PPO or Premier Provider to receive the 100% coinsurance. If an out-of-network provider is seen, the adult coinsurance levels will apply. Orthodontics is not covered at 100%.
The Right Start for a Bright Future
Right Start 4 Kids℠ from Delta Dental of Colorado

Did you know that cavities are the most chronic childhood disease? Cavities are five times more common than asthma. Children with pain from tooth decay typically miss more school and have lower grades than their peers, not to mention the lost work hours for parents. But cavities are nearly 100% preventable, and it's easy to protect your child's oral health and ensure better overall health.

RIGHT START 4 KIDS (RS4K) FROM DELTA DENTAL OF COLORADO is a unique plan design enhancement that removes most of the cost barriers to dental care by providing coverage for children up to their 13th birthday at 100% coinsurance for diagnostic & preventive, basic, and major services, with no deductible, when in-network providers are seen.* If an out-of-network provider is seen, the adult coinsurance levels will apply. Orthodontic services are available but are not eligible for the RS4K 100% coverage level.

Want to learn more about your child's oral health and why it's so important to take care of it from an early age? Go to the Oral Health & Wellness page on our website at www.deltadentalco.com/wellness.aspx.

*Right Start 4 Kids is subject to limitations, exclusions, and annual maximum. Check your benefits booklet for specific plan coverage as it varies from group to group.

How We May Use and Disclose Your Protected Health Information
Under the law, we may use or disclose your protected health information under certain circumstances without your permission. The following categories describe the different ways that we may use and disclose your protected health information. For each category of uses or disclosures we will explain what we mean and present some examples. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted to use and disclose information will fall within one of the categories.

For Treatment. We may use or disclose your protected health information to facilitate medical treatment or services by providers. We may disclose medical information about you to providers, including doctors, nurses, technicians, medical students, or other hospital personnel who are involved in taking care of you. For example, we might disclose information about your prior prescriptions to a pharmacist to determine if prior prescriptions contraindicate a pending prescription.

For Payment. We may use or disclose your protected health information to determine your eligibility for Plan benefits, to facilitate payment for the treatment and services you receive from health care providers, to determine benefit responsibility under the Plan, or to coordinate Plan coverage. For example, we may tell your health care provider about your medical history to determine whether a particular treatment is experimental, investigational, or medically necessary, or to determine whether the Plan will cover the treatment. We may also share your protected health information with a utilization review or precertification service provider. Likewise, we may share your protected health information with another entity to assist with the adjudication or subrogation of health claims or to another health plan to coordinate benefit payments.

For Health Care Operations. We may use and disclose your protected health information for other Plan operations. These uses and disclosures are necessary to run the Plan. For example, we may use medical information in connection with conducting quality assessment and improvement activities; underwriting, premium rating, and other activities relating to Plan coverage; submitting claims for stop-loss coverage; conducting or arranging for medical review, legal services, audit services, and fraud and abuse detection programs; business planning and development such as cost management; and business management and general Plan administrative activities. However, we will not use your genetic information for underwriting purposes.

Treatment Alternatives or Health-Related Benefits and Services. We may use and disclose your protected health information to send you information about treatment alternatives or other health-related benefits and services that might be of interest to you.
To Business Associates. We may contract with individuals or entities known as Business Associates to perform various functions on our behalf or to provide certain types of services. In order to perform these functions or to provide these services, Business Associates will receive, create, maintain, transmit, use, and/or disclose your protected health information, but only after they agree in writing with us to implement appropriate safeguards regarding your protected health information. For example, we may disclose your protected health information to a Business Associate to process your claims for Plan benefits or to provide support services, such as utilization management, pharmacy benefit management, or subrogation, but only after the Business Associate enters into a Business Associate contract with us.

As Required by Law. We will disclose your protected health information when required to do so by federal, state, or local law. For example, we may disclose your protected health information when required by national security laws or public health disclosure laws.

To Avert a Serious Threat to Health or Safety. We may use and disclose your protected health information when necessary to prevent a serious threat to your health and safety, or the health and safety of the public or another person. Any disclosure, however, would only be to someone able to help prevent the threat. For example, we may disclose your protected health information in a proceeding regarding the licensure of a physician.

To Plan Sponsors. For the purpose of administering the plan, we may disclose to certain employees of the Employer protected health information. However, those employees will only use or disclose that information as necessary to perform plan administration functions or as otherwise required by HIPAA, unless you have authorized further disclosures. Your protected health information cannot be used for employment purposes without your specific authorization.

Special Situations
In addition to the above, the following categories describe other possible ways that we may use and disclose your protected health information without your specific authorization. For each category of uses or disclosures, we will explain what we mean and present some examples. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted to use and disclose information will fall within one of the categories.

Organ and Tissue Donation. If you are an organ donor, we may release your protected health information after your death to organizations that handle organ procurement or organ, eye, or tissue transplantation or to an organ donation bank, as necessary to facilitate organ or tissue donation and transplantation.

Military. If you are a member of the armed forces, we may release your protected health information as required by military command authorities. We may also release protected health information about foreign military personnel to the appropriate foreign military authority.

Workers' Compensation. We may release your protected health information for workers' compensation or similar programs, but only as authorized by, and to the extent necessary to comply with, laws relating to workers' compensation and similar programs that provide benefits for work-related injuries or illness.

Public Health Risks. We may disclose your protected health information for public health activities. These activities generally include the following:
• to prevent or control disease, injury, or disability;
• to report births and deaths;
• to report child abuse or neglect;
• to report reactions to medications or problems with products;
• to notify people of recalls of products they may be using;
• to notify a person who may have been exposed to a disease or may be at risk for contracting or spreading a disease or condition;
• to notify the appropriate government authority if we believe that a patient has been the victim of abuse, neglect, or domestic violence. We will only make this disclosure if you agree, or when required or authorized by law.

Health Oversight Activities. We may disclose your protected health information to a health oversight agency for activities authorized by law. These oversight activities include, for example, audits, investigations, inspections, and licensure. These activities are necessary for the government to monitor the health care system, government programs, and compliance with civil rights laws.

Lawsuits and Disputes. If you are involved in a lawsuit or a dispute, we may disclose your protected health information in response to a court or administrative order. We may also disclose your protected health information in response to a subpoena, discovery request, or other lawful process by someone involved in a legal dispute, but only if efforts have been made to tell you about the request or to obtain a court or administrative order protecting the information requested.

Law Enforcement. We may disclose your protected health information if asked to do so by a law-enforcement official:
• in response to a court order, subpoena, warrant, summons, or similar process;
• to identify or locate a suspect, fugitive, material witness, or missing person;
• about the victim of a crime if, under certain limited circumstances, we are unable to obtain the victim's agreement;
• about a death that we believe may be the result of criminal conduct; and
• about criminal conduct.
National Security and Intelligence Activities. We may release your protected health information to authorized federal officials for intelligence, counterintelligence, and other national security activities authorized by law.

Inmates. If you are an inmate of a correctional institution or are in the custody of a law-enforcement official, we may disclose your protected health information to the correctional institution or law-enforcement official if necessary (1) for the institution to provide you with health care; (2) to protect your health and safety or the health and safety of others; or (3) for the safety and security of the correctional institution.

Research. We may disclose your protected health information to researchers when:
(1) the individual identifiers have been removed; or
(2) when an institutional review board or privacy board has reviewed the research proposal and established protocols to ensure the privacy of the requested information and approves the research.

Other Disclosures
Personal Representatives. We will disclose your protected health information to individuals authorized by you, or to an individual designated as your personal representative, attorney-in-fact, etc., so long as you provide us with a written notice/authorization and any supporting documents (i.e., power of attorney). Note: Under the HIPAA privacy rule, we do not have to disclose information to a personal representative if we have a reasonable belief that:
(1) you have been, or may be, subjected to domestic violence, abuse, or neglect by such person; or
(2) treating such person as your personal representative could endanger you; and
(3) in the exercise of professional judgment, it is not in your best interest to treat the person as your personal representative.

Disclosures to You. When you request, we are required to disclose to you the portion of your protected health information that contains medical records, billing records, and any other records used to make decisions regarding your health care benefits. We are also required, when requested, to provide you with an accounting of most disclosures of your protected health information if the disclosure was for reasons other than for payment, treatment, or health care operations, and if the protected health information was not disclosed pursuant to your individual authorization.

Other Disclosures
Government Audits. We are required to disclose your protected health information to the Secretary of the United States Department of Health and Human Services when the Secretary is investigating or determining our compliance with the HIPAA privacy rule.

Other Disclosures
Spouses and Other Family Members. With only limited exceptions, we will send all mail to the employee. This includes mail relating to the employee’s spouse and other family members who are covered under the Plan and includes mail with information on the use of Plan benefits by the employee’s spouse and other family members and information on the denial of any Plan benefits to the employee’s spouse and other family members. If a person covered under the Plan has requested Restrictions or Confidential Communications (see below under “Your Rights”), and if we have agreed to the request, we will send mail as provided by the request for Restrictions or Confidential Communications.

Authorizations. Other uses or disclosures of your protected health information not described above will only be made with your written authorization. For example, in general and subject to specific conditions, we will not use or disclose your psychiatric notes; we will not use or disclose your protected health information for marketing; and we will not sell your protected health information, unless you give us a written authorization. You may revoke written authorizations at any time, so long as the revocation is in writing. Once we receive your written revocation, it will only be effective for future uses and disclosures. It will not be effective for any information that may have been used or disclosed in reliance upon the written authorization and prior to receiving your written revocation.

Your Rights
You have the following rights with respect to your protected health information:
Right to Inspect and Copy. You have the right to inspect and copy certain protected health information that may be used to make decisions about your Plan benefits. If the information you request is maintained electronically, and you request an electronic copy, we will provide a copy in the electronic form and format you request, if the information can be readily produced in that form and format; if the information cannot be readily produced in that form and format, we will work with you to come to an agreement on form and format. If we cannot agree on an electronic form and format, we will provide you with a paper copy.

To inspect and copy your protected health information, you must submit your request in writing to Human Resources. If you request a copy of the information, we may charge a reasonable fee for the costs of copying, mailing, or other supplies associated with your request.

We may deny your request to inspect and copy in certain very limited circumstances. If you are denied access to your medical information, you may request that the denial be reviewed by submitting a written request to Human Resources.
Right to Amend. If you feel that the protected health information we have about you is incorrect or incomplete, you may ask us to amend the information. You have the right to request an amendment for as long as the information is kept by or for the Plan. To request an amendment, your request must be made in writing and submitted to Connie Mack at 2115 Grand Avenue, Grand Junction, CO 81501. In addition, you must provide a reason that supports your request.

We may deny your request for an amendment if it is not in writing or does not include a reason to support the request. In addition, we may deny your request if you ask us to amend information that:

- is not part of the medical information kept by or for the Plan;
- was not created by us, unless the person or entity that created the information is no longer available to make the amendment;
- is not part of the information that you would be permitted to inspect and copy; or
- is already accurate and complete.

If we deny your request, you have the right to file a statement of disagreement with us and any future disclosures of the disputed information will include your statement.

Right to an Accounting of Disclosures. You have the right to request an “accounting” of certain disclosures of your protected health information. The accounting will not include (1) disclosures for purposes of treatment, payment, or health care operations; (2) disclosures made to you; (3) disclosures made pursuant to your authorization; (4) disclosures made to friends or family in your presence or because of an emergency; (5) disclosures for national security purposes; and (6) disclosures incidental to otherwise permissible disclosures.

To request this list or accounting of disclosures, you must submit your request in writing to Human Resources. Your request must state the time period you want the accounting to cover, which may not be longer than six years before the date of the request. Your request should indicate in what form you want the list (for example, paper or electronic). The first list you request within a 12-month period will be provided free of charge. For additional lists, we may charge you for the costs of providing the list. We will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.

Right to Request Restrictions. You have the right to request a restriction or limitation on your protected health information that we use or disclose for treatment, payment, or health care operations. You also have the right to request a limit on your protected health information that we disclose to someone who is involved in your care or the payment for your care, such as a family member or friend. For example, you could ask that we not use or disclose information about a surgery that you had.

Except as provided in the next paragraph, we are not required to agree to your request. However, if we do agree to the request, we will honor the restriction until you revoke it or we notify you.

We will comply with any restriction request if (1) except as otherwise required by law, the disclosure is to a health plan for purposes of carrying out payment or health care operations (and is not for purposes of carrying out treatment); and (2) the protected health information pertains solely to a health care item or service for which the health care provider involved has been paid in full by you or another person.

To request restrictions, you must make your request to Human Resources at 970-254-5176. In your request, you must tell us (1) what information you want to limit; (2) whether you want to limit our use, disclosure, or both; and (3) to whom you want the limits to apply—for example, disclosures to your spouse.

Right to Request Confidential Communications. You have the right to request that we communicate with you about medical matters in a certain way or at a certain location. For example, you can ask that we only contact you at work or by mail. To request confidential communications, you must make your request to Human Resources at 970-254-5176. We will not ask you the reason for your request. Your request must specify how or where you wish to be contacted. We will accommodate all reasonable requests.

Right to Be Notified of a Breach. You have the right to be notified in the event that we (or a Business Associate) discover a breach of unsecured protected health information.

Right to a Paper Copy of This Notice. You have the right to a paper copy of this notice. You may ask us to give you a copy of this notice at any time. Even if you have agreed to receive this notice electronically, you are still entitled to a paper copy of this notice. To obtain a paper copy of this notice, contact Human Resources at 970-254-5176.

Complaints. If you believe that your privacy rights have been violated, you may file a complaint with the Plan or with the Office for Civil Rights of the United States Department of Health and Human Services. To file a complaint with the Plan, contact Human Resources at 970-254-5176 or 2115 Grand Avenue, Grand Junction, CO 81501. All complaints must be submitted in writing. You will not be penalized, or in any other way retaliated against, for filing a complaint with the Office for Civil Rights or with us.
New Health Insurance Marketplace Coverage Options and Your Health Coverage

PART A: General Information
When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?
The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers “one-stop shopping” to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?
You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn’t meet certain standards. The savings on your premium that you’re eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?
Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer’s health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the “minimum value” standard set by the Affordable Care Act, you may be eligible for a tax credit.

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution – as well as your employee contribution to employer-offered coverage – is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?
For more information about your coverage offered by your employer, please check your summary plan description or contact Human Resources at (970) 254-5176.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

1 An employer-sponsored health plan meets the “minimum value standard” if the plan’s share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.
PART B: Information About Health Coverage Offered by Your Employer

This section contains information about any health coverage offered by your employer. If you decide to complete an application for coverage in the Marketplace, you will be asked to provide this information. This information is numbered to correspond to the Marketplace application.

Here is some basic information about health coverage offered by this employer:

- As your employer, we offer a health plan to:
  - All employees. Eligible employees are: legally employed and working 20 or more hours per week

- With respect to dependents:
  - We do offer coverage. Eligible dependents are: a legal spouse (and civil union spouse) and dependent children until the end of the month of their 26th birthday. In addition, unmarried disabled children over the age of 26 if approved.

If checked, this coverage meets the minimum value standard, and the cost of this coverage to you is intended to be affordable, based on employee wages.

** Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.

If you decide to shop for coverage in the Marketplace, HealthCare.gov will guide you through the process. Here's the employer information you'll enter when you visit HealthCare.gov to find out if you can get a tax credit to lower your monthly premiums.
Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit [www.healthcare.gov](http://www.healthcare.gov).

If you or your dependents are currently enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or [www.insurekidsnow.gov](http://www.insurekidsnow.gov) to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at [www.askebsa.dol.gov](http://www.askebsa.dol.gov) or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2021. Contact your State for more information on eligibility –

Important Notice from Mesa County Valley School District 51 About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Mesa County Valley School District 51 and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice. If neither you nor any of your dependents are eligible for or have Medicare, this notice does not apply to your or the dependents, as the case may be. However, you should still keep a copy of this notice in the event you or a dependent should qualify for coverage under Medicare in the future. Please note, however, that later notices might supersede this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. Magellan Rx has determined that the prescription drug coverage offered by the Mesa County Valley School District 51 Employee Benefit Plan is on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?
You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?
If you decide to join a Medicare drug plan, your current coverage will not be affected. If you do decide to join a Medicare drug plan and drop your current coverage, you and your dependents will be able to get this coverage back at the next annual open enrollment period.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?
You should also know that if you drop or lose your current coverage with Mesa County Valley School District 51 and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.
For More Information About This Notice Or Your Current Prescription Drug Coverage...
Contact the person listed below for further information. NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Mesa County Valley School District 51 changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...
More detailed information about Medicare plans that offer prescription drug coverage is in the “Medicare & You” handbook. You’ll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:
• Visit www.medicare.gov
• Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the “Medicare & You” handbook for their telephone number) for personalized help
• Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).
