This program will offer you and your child an opportunity to learn about **SCHOOL BUS SAFETY** together. The program will include instructions for getting on and off the bus, the safety zone around the bus, and the proper behavior when riding. An outline of the program is noted below:

9:30 Welcome and Introductions

9:40 Film: **POOH'S GREAT SCHOOL BUS ADVENTURE**

10:00 Review of Transportation Policies and School Bus Rules

10:30 School Bus Ride\*

\*Students receive guidance as to how to get on and off the school bus and instructions about the school bus safety zone. We are only allowing one family member per student to ride along with them on the bus. The ride will take approximately 20 minutes. It is our hope that this program will help to eliminate some of the fears kindergarten children experience on their first day of school and riding the school bus. Please plan to attend this important program with your child.
